Lea,

Thank you again for all your time. My property is developed. I believe we as taxpayers are overburdened by taxes. From Bonds on our tax bill for colleges, schools, water, waste treatment etc. It never ends. If folks like me do not stand up against wave after wave of taxation, it will continue to go unchecked.

I know a few things about streets, street improvements, widening, etc. I know that much of this money is paid by the developers and by default the home purchaser. Bigger tax revenues means bigger government.

I oppose this proposed "tax"
