

# **Murrieta Fire & Rescue**

## **Purchase of Used Tractor Drawn Aerial (Tiller Truck)**

**Bernard Molloy II, Fire Chief**

2/18/2025

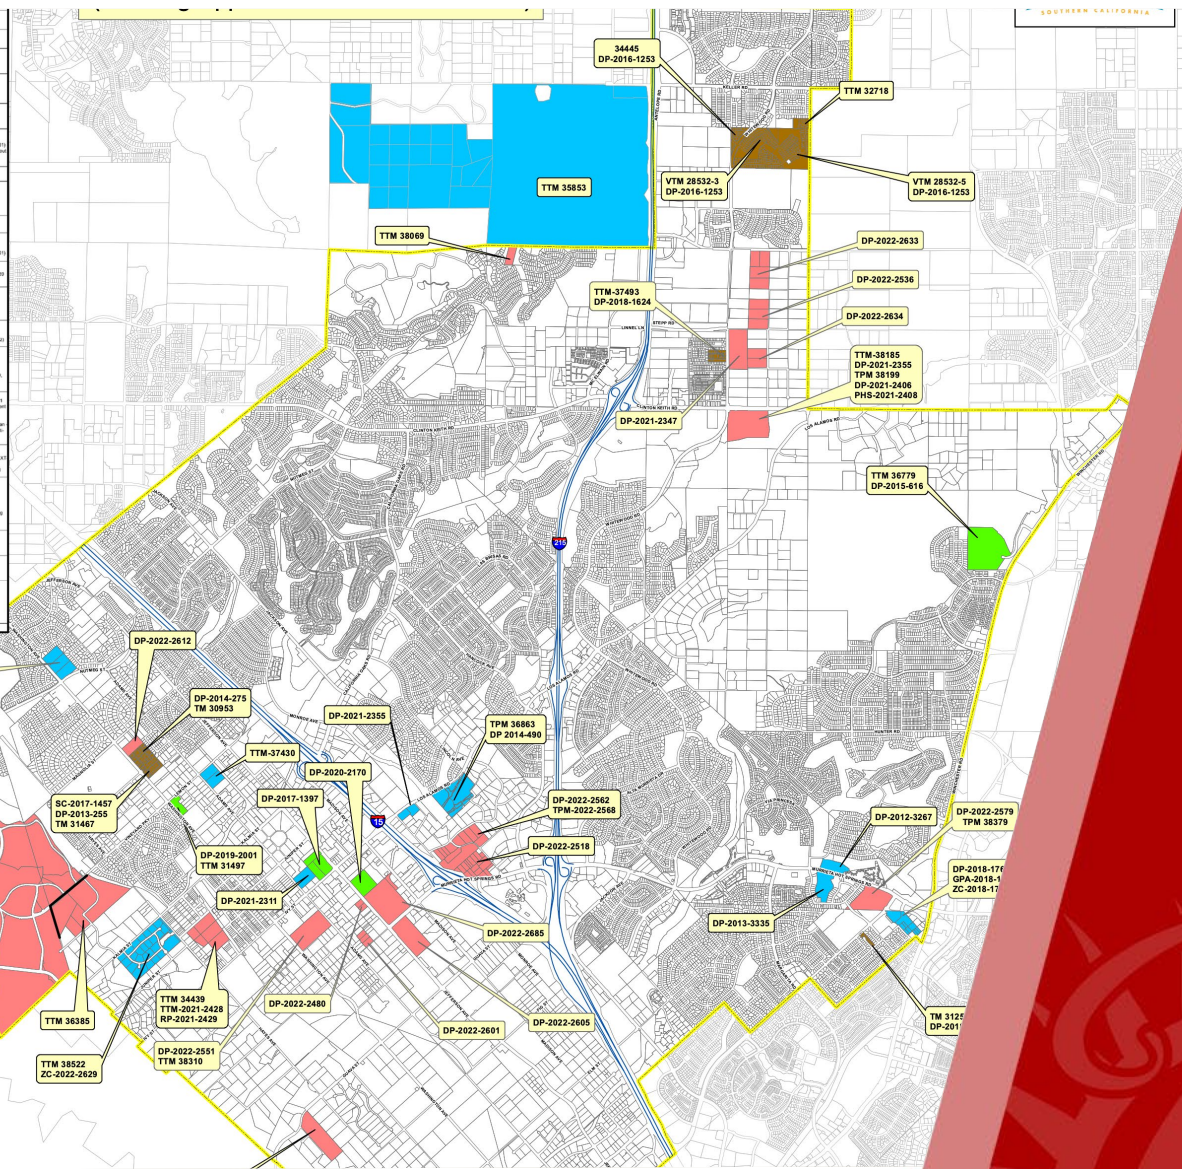

# Background

- January 2023 MFR purchased a 100' TDA with a scheduled delivery date of approximately January 2026.
- The need for this apparatus aligns with the changing footprint of our city, the prevalence of multi-story construction, and the commercial wide-rise distribution centers we see in our region.
- Current Truck Company is a 75' platform, which can't reach our 6-story buildings effectively.
- Since the purchase of this vehicle, the delivery time for apparatus is reaching almost 5 years.

## Commercial Planned Growth

2002 American LaFrance TDA Quint

# Key Benefits of the Purchase

- Provides a dedicated training platform for MFR personnel
- Eliminates the high costs of external training programs
- Serves as a secondary backup aerial device, enhancing operational readiness
- Strengthens partnership with Pechanga Fire Department

## Financial Overview

- Municipal Code Section 3.08.280.F allows for the direct purchase of equipment from another government agency
- Purchase price: \$100,000
- Funding Source: Measure T Fire Fleet Replacement

Joe Fanaselle

## Recommendation

***Approve the Bill of Sale with the Pechanga Band of Indians for the purchase of a used aerial apparatus for a total not to exceed \$100,000;***

***Amend the Fiscal Year 2024/25 Operating Budget and approve the use of the Measure T Fleet Replacement Reserve to establish an appropriation of \$100,000; and***

***Authorize the City Manager to execute the Bill of Sale.***
