CITY OF MURRIETA
City Council Meeting Agenda Report

7/7/2026
Agenda Item No. 17.

TO: HONORABLE MAYOR AND MEMBERS OF THE CITY COUNCIL

FROM: Justin Clifton, City Manager

PREPARED BY: Pedro Cevallos, Management Analyst - City Manager

SUBJECT:
Consider the Levy of 2025 Delinquent Refuse Service Charges on the Fiscal Year 2026/27 Property Tax Roll

ABSTRACT

This item requests City Council consideration of the annual levy of delinquent residential refuse service charges for placement on the Fiscal Year 2026/27 property tax roll. The delinquent charges result from unpaid solid waste service accounts under the City's franchise agreement with Waste Management. The property tax roll process provides a mechanism to collect unpaid balances while ensuring the continued provision of mandatory residential refuse service. A noticed public hearing is required to allow property owners an opportunity to review and object to the proposed charges prior to City Council action.

RECOMMENDATION

Conduct a Public Hearing;

Adopt Resolution No. 26-4961 entitled: *A Resolution of the City Council of the City of Murrieta, California, Affirming the Report of Delinquent Refuse Charges and Directing their Collection on the Fiscal Year 2026/27 Property Tax Roll;* and

Direct the City Manager, or his designee, to file a certified copy of Resolution No. 26-4961 with the Riverside County Tax Collector and/or Auditor-Controller.

PRIOR ACTION/VOTE

On July 6, 2021, the City Council adopted Resolution No. 21-4438, approving the report for 2020 for delinquent refuse service charges and certifying them for collection with property taxes (Vote: 5-0).

On June 21, 2022, the City Council adopted Resolution No. 22-4591, approving the report for 2021 for delinquent refuse service charges and certifying them for collection with property taxes (Vote 5-0).

On August 1, 2023, the City Council adopted Resolution No. 23-4696, approving the report for 2022 for delinquent refuse service charges and certifying them for collection with property taxes (Vote: 5-0).

On July 2, 2024, the City Council adopted Resolution No. 24-4770, approving the report for 2023 for delinquent refuse service charges and certifying them for collection with property taxes (Vote: 5-0).

On July 1, 2025, the City Council adopted Resolution No. 25-4864, approving the report for 2024 for delinquent refuse service charges and certifying them for collection with property taxes (Vote: 4-0-1).

STRATEGIC ALIGNMENT

This item aligns with the City Council goal of maintaining a high performing organization that values fiscal sustainability, transparency, accountability and organizational efficiency relating to an administrative priority. Placement of eligible delinquent refuse service charges on the property tax roll helps ensure the collection of outstanding refuse service charges and supports the administration of the City's solid waste franchise agreement. This action is consistent with the City Manager Department's Top Projects List, which identifies continued management of the City's solid waste and environmental programs, including administration of the City's franchise agreement.

DISCUSSION

Under the City of Murrieta’s (City) franchise agreement with Waste Management for solid waste collection services, delinquent residential refuse service charges may be collected through the annual property tax roll process. Prior to placing such charges on the property tax roll, the City Council must conduct a public hearing to consider any objections and adopt a resolution certifying the delinquent charges for collection on the Fiscal Year 2026/27 property tax roll (Attachment 1). This hearing provides property owners with an opportunity to protest the charges proposed for their property.

The collection of delinquent refuse charges through the property tax roll process supports the City's requirement that residential refuse service continue regardless of payment status. The City prohibits the discontinuation of residential refuse service due to unpaid charges to discourage illegal dumping and ensure compliance with its mandatory refuse service requirements. Maintaining universal refuse service also supports the City's efforts to comply with State waste diversion and organic waste reduction mandates, including SB 1383.

On June 1, 2026, Waste Management mailed notices to affected property owners regarding overdue balances and pending placement of delinquent charges on the property tax roll. As of June 12, 2026, delinquent refuse principal charges for 1,459 parcels total $535,935.24. A detailed listing of affected properties and corresponding charges is provided in Exhibit A to Resolution No. 26-4961. Including applicable penalties and interest, the total proposed levy amount is $695,636.54.

The proposed levy is a pass-through charge. Pursuant to the franchise agreement, amounts collected through the property tax roll process will be remitted to Waste Management in accordance with the terms of the agreement.

PUBLIC NOTICING

The agenda item has been noticed according to the Brown Act (72 hours in advance of the meeting at which the City Council considers the item). Notice of the public hearing was also published on June 15, 2026, and June 22, 2026, in accordance with applicable noticing requirements.

FISCAL IMPACT

The City retains 12% of any delinquent refuse service charges collected through the property tax roll process, consistent with the terms of the solid waste franchise agreement. Revenue associated with these collections is included in the Fiscal Year 2026/27 Operating Budget under Account No. 1100000-40019.

ATT 1 - Resolution No. 26-4961

RESOLUTION NO. 26-4961

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF MURRIETA, CALIFORNIA, AFFIRMING THE REPORT OF DELINQUENT REFUSE CHARGES AND DIRECTING THEIR COLLECTION ON THE FISCAL YEAR 2026/27 PROPERTY TAX ROLL

WHEREAS, Public Resources Code section 40059 authorizes cities to establish regulations and fees for the collection of solid waste; and

WHEREAS, Government Code section 38790.1 states "any city collecting garbage fees or charges may collect delinquent fees or charges in the manner provided in Section 25831;" and

WHEREAS, Government Code section 25831 states that at least once a year, a report shall be prepared of fees that have remained unpaid for a period of sixty (60) days or more which were authorized pursuant to Public Resources Code section 40059, and the City shall fix a time, date, and place for hearing the report and any objections or protests to the report; and

WHEREAS, as of June 12, 2026, 1,459 residential parcels within the City have delinquent refuse charges from 2025, totaling $695,636.54, including penalties and interest, to be added to the delinquent refuse charges when the roll is certified by the Riverside County Tax Collector; and

WHEREAS, a written report of said residential refuse charges for 2025 that remained unpaid as of June 15, 2026, has been prepared and filed with the City Clerk's Department and is attached hereto and incorporated as Exhibit A; and

WHEREAS, published notice of a public hearing on these unpaid trash hauling charges have been provided as required by law in the Press Enterprise, Daily Bulletin, and San Bernardino Sun, on June 15 and June 22, 2026 and an additional notice was mailed by Waste Management on June 1, 2026, and a duly noticed public hearing was conducted on July 7, 2026, at the time listed on the notices, at which time the City Council heard and considered all objections and protests to the placement of the unpaid trash hauling charges as a tax lien and certification of those charges for collection on the property tax roll, and made any revisions to the report deemed necessary.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF MURRIETA, CALIFORNIA DOES HEREBY RESOLVE AS FOLLOWS:

Section 1. That the above recitals are true and correct and incorporated herein by this reference.

Section 2. That the report of delinquent residential refuse charges for 2025 on file with the City Clerk's Department, attached as Exhibit A, is confirmed.

Section 3. That the City Manager is directed to file a certified copy of this resolution and an electronic version of the report with the Riverside County Tax Collector and/or Auditor-Controller. The Riverside County Tax Collector and/or Auditor-Controller is designated and

empowered to perform duties necessary to collect these delinquent charges in connection with property taxes.

Section 4. The charges set forth in the report incorporated herein shall be deemed a lien against the applicable properties and are levied without regard to property valuation. All laws applicable to the levy collection and enforcement of ad valorem property taxes shall be applicable to such charges, except that if any real property to which such charges are related has been transferred or conveyed to a bona fide encumbrance for value after January 1, 2027, then a lien that would otherwise be imposed shall not attach to such real property and the charges and interest shall be transferred to the unsecured roll for collection.

PASSED AND ADOPTED this 7th day of July, 2026.

CITY OF MURRIETA
City Council Meeting Agenda Report

7/7/2026
Agenda Item No. 18.

TO: HONORABLE MAYOR AND MEMBERS OF THE CITY COUNCIL

FROM: Javier Carcamo, Finance Director

PREPARED BY: RN Mendoza, Financial Analyst

SUBJECT:
Consideration of the Fiscal Year 2026/27 Capital Improvement Plan Budget and Approval of the Capital Improvement Plan for Fiscal Years 2026/27 to 2030/31

ABSTRACT

This report presents the City of Murrieta's proposed Capital Improvement Plan (CIP) Budget for Fiscal Year (FY) 2026/27 and the five-year CIP for Fiscal Years 2026/27 through 2030/31, outlining strategic investments in infrastructure, public facilities, technology, and other improvements. It includes $86.2 million in carryover funding for ongoing projects and $37 million in new appropriations, covering new initiatives, such as City Council Tier 1 Priority Projects, as well as adjustments to existing construction and maintenance projects. The plan is supported by multiple revenue sources. Overall, the CIP prioritizes long range planning, fiscal sustainability, strategic alignment with the City's General Plan, and the City Council Goals and Priorities. The proposed FY 2026/27 Capital Improvement Program (CIP) Budget commits $123,229,261 in restricted and unrestricted funding to support 105 active capital projects.

RECOMMENDATION

Conduct a public hearing; and

Adopt Joint Resolution No. 26-4962, MLB 26-201, CSD 26-289, RSA 26-230, entitled: *A Joint Resolution of the City Council of the City of Murrieta and the Boards of Directors of the Murrieta Library District, Murrieta Community Services District, and the Successor Agency to the Murrieta Redevelopment Agency, Approving the Capital Improvement Plan Budget for Fiscal Year 2026/27, Approving the Fiscal Years 2026/27 to 2030/31 Capital Improvement Plan, Authorizing the Operating Transfers for Various Funds; Authorizing the Use of Unassigned Fund Balances, and Committed Fund Balances*.

PRIOR ACTION/VOTE

On June 23, 2026, the City Council held a workshop to discuss and provide direction to City staff on the Proposed Capital Improvement Plan and Budget for Fiscal Year 2026/27 through Fiscal Year 2030/31 (Non-Action Item).

On May 27, 2026, the Planning Commission adopted a Resolution, recommending to the City Council that the

City Council find that the proposed Capital Improvement Plan FY 2025/26-2029/30 was in conformance with the City of Murrieta General Plan (Vote: 4-0).

On June 3, 2025, a joint resolution of the City Council of the City of Murrieta and the Boards of Directors of the Community Services District, Murrieta Fire District, and the Successor Agency for the Murrieta Redevelopment Agency adopted a series of Resolution Nos. (25-4836, MLB-25-200, CSD 25-284, and RSA 25-34) approving the Capital Improvement Budget for FY 2025/26 and approving the FY 2025/26-2029/30 Capital Improvement Plan (Vote: 5-0).

STRATEGIC ALIGNMENT

The City Council's goal of maintaining a high performing organization that values fiscal sustainability, transparency, accountability and organizational efficiency is associated with this administrative priority.

DISCUSSION

This report presents to the City Council the proposed Capital Improvement Plan (CIP) budget for Fiscal Years (FY) 2026/27 to 2030/31, which provides funding for the City's capital projects for FY 2026/27 and planning for the following four years.

The City of Murrieta's (City) Capital Improvement Plan establishes a master plan and long-term funding strategy for implementing major recurring and nonrecurring construction or repair projects. CIP projects may include:

1. Acquisition of land and right-of-way;
2. Construction of buildings, roadways, bridges, drainage, and parks, including major repair, reconstruction, and/or replacement of existing Capital Assets; and
3. Purchase of major equipment.

For FY 2026/27, the proposed CIP includes a request to appropriate $37,033,549 for new projects and changes to existing projects. This is in addition to $86,195,712 in remaining committed funds for previously approved, ongoing projects, bringing the total CIP budget for FY 2026/27 to $123,229,261. Exhibit A of this report provides a summary of the new and existing projects that make up the $37,033,549 in new and budget adjustment requests as part of the proposed CIP budget. Funding for these projects is provided by a variety of revenue sources, including Development Impact Fees, transportation funds, grants, and special revenue funds restricted to the purposes for which they are budgeted. For the most part, these funds are restricted and cannot be used to support general City operations. The table below summarizes the proposed FY 2026/27 CIP budget, including both the proposed new appropriations and the reallocation of previously approved appropriations to higher-priority projects.

CIP Projects Balance FY 2025/26	$	86,195,712
Proposed Changes to the CIP		37,033,549
Proposed CIP Budget FY 2026/27	$	123,229,261
PROPOSED CIP APPROPRIATIONS		
New CIP Projects	$	3,467,000
New Maintenance Projects		3,092,226
Existing CIP Projects		1,361,707
New City Council Top Projects		38,598,866
Reappropriation of Closed/Consolidated		(9,486,250)
Proposed Changes to the CIP Budget	$	37,033,549

Fiscal Year 2026/27 Proposed Appropriations

FY 2025/26 Carryover Amount Items

Staff recommends carrying forward $86,195,712 in unspent appropriations from prior fiscal years. These funds support existing, ongoing capital improvement projects that were previously approved by the City Council. Some of these projects are fully funded, while others are planned to receive additional appropriations in future fiscal years as funding becomes available through future revenue allocations.

New Projects for Appropriation in FY 2026/27

Staff recommends adding several new projects and an appropriation for the first year of the CIP budget (FY 2026/27). The proposed appropriation for new projects is $4,467,000. New projects include a Fire Department Tiller Truck, Equestrian Center Phase 1 (maintenance projects), and the Clinton Keith and the Nutmeg Traffic Signal Modification Project. Staff also recommends new recurring maintenance projects and appropriation for the first year of the CIP budget. The proposed appropriation is $3,092,226. The new recurring maintenance projects consist of the FY 2026/27 Pavement Resurfacing-Asphalt Overlay and the FY 2026/27 Pedestrian Safety Enhancement.

Changes to Existing Projects

As part of regular budget monitoring and project management, the CIP budget requires certain major and minor construction projects, along with changes to existing annual maintenance projects, to be amended. Staff proposes a total of $1,361,707, in additional funding for FY 2026/27 for completion of analysis, construction, design, and adjustments to the various construction phases of existing CIP projects. Nine (9) projects, including citywide annual maintenance-related projects, are included in this appropriation.

City Council Tier 1 Priority Projects

In the fall 2025, the City Manager and staff conducted a series of project prioritization meetings with departments responsible for implementing projects identified as priorities by the City Council. The objective of these meetings was to develop a coordinated funding and staffing strategy to advance City Council priorities.

Working collaboratively with project managers across the organization, staff reviewed the existing Capital Improvement Program portfolio and identified projects that were duplicative, completed, or appropriate for closeout or consolidation. Based on this review, staff is proposing modifications to 83 existing projects, resulting in a net reappropriation of $32,566,549 that would be redirected to higher-priority capital projects in

FY 2026/27. This will ensure additional funding, as the completion of right-of-way acquisition, design, and adjustments across the various construction phases of existing CIP projects relies on these appropriations.

In February 2026, the City Council held its priority and goal setting workshop to establish and prioritize strategic initiatives. Several of these initiatives are supported through the CIP. Based on the City Council's strategic direction, staff established a comprehensive three-tiered ranking system to ensure funding is prioritized for the most impactful projects that align with the City Council's goals and vision. As part of these efforts, a total of 22 projects were identified as completed, and 64 projects were consolidated.

Based on the initiatives discussed during the City Council Goals Workshop, staff focused on prioritizing funding for nine (9) top projects listed below. The projects include the I-215/Keller Road Interchange Project, Fire Station 6, Life F Drainage Channel, Cal Oaks Revitalization, Municipal Services Department (MSD) Yard Offices and Fire Department Training Tower and Classroom, Citywide Beautification Improvements Project, City Hall First Floor Improvements Project, and Phase 1 of the Police Department Building Expansion (parking lot expansion).

As summarized in the table below, the estimated total cost of these top-priority projects is approximately $161.9 million. These estimates are preliminary and intended for planning purposes. The CIP funding plan identifies approximately $40.8 million in currently committed funding sources, along with an additional $38.6 million in proposed funding resulting from the project consolidation and project close-out efforts. If the City Council approves the FY 2026/27 CIP Plan and Budget, the proposed reappropriation of funds will continue to support the City's efforts to strategically allocate available resources and move priority projects closer to full funding.

CITY COUNCIL TOP PROJECT LIST	CIP PROJECT NUMBER	EST. FULL COST W/ CONTINGENCY	ESTIMATED CIP BUDGET AS OF MAY 2026	PROPOSED ADDITIONAL FUNDING	EST. BALANCE TO FUND AS OF MAY 2026

FY 2026/27 CIP Budget Workshop

In June 2026, the City Council held a CIP Budget Workshop to review and discuss the proposed five-year CIP. During the workshop, the City Council directed staff to return at a future date to further refine the capital projects that advance City Council priorities. The City Council also elevated two (2) additional projects as priority initiatives: 1) Madison Avenue construction improvements and Specific Plan, and 2) the Warm Springs Parkway Project.

The City currently has an active CIP project for construction of Madison Avenue improvements. For the Madison Corridor Specific Plan, staff will be completing a request for proposals process to identify a consultant, and at the time of contract award, will request the City Council to appropriate funding to the operating budget for this expense.

For the Warm Springs Parkway Project, staff is continuing to evaluate the proposed segment between Baxter Road and Keller Road, including the project scope and associated cost estimates. These analyses will help inform future funding recommendations and project scheduling.

Summary of Operating Transfers and Authorized Use of Reserve and Fund Balance

The table below summarizes the proposed FY 2026/27 net appropriation of $37,033,549, to be funded from unassigned and committed fund balances.

FUND TITLE	
Development Impact Fees[1]	16,892,36
Transportation Funds[1]	8,240,39

RDA Bond Proceeds[1]	700,00
TOTAL BY FUNDING SOURCES	$ 37,033,54

[1] Unassigned Fund Balance

[2] Committed Fund Balance

FY 2026/27 CIP Summary

In summary, the proposed FY 2026/27 CIP Budget commits $123,229,261 in restricted and unrestricted funding to support 105 active capital projects.

PUBLIC NOTICING

The public hearing for this agenda item has been noticed as required by Government Code Sections 65090 & 66002. Notice was published in the Press Enterprise, Daily Bulletin, and San Bernardino Sun on June 26, 2026.

CEQA AND REGULATORY OVERVIEW

This action is exempt from the California Environmental Quality Act (CEQA) pursuant to Sections 15060(c)(2) and 15060(c)(3) of the CEQA Guidelines because this action will not result in a physical change to the environment, directly or indirectly.

FISCAL IMPACT

The proposed Capital Improvement Plan budget for FY 2025/26 includes a carryover of $86,195,712, $37,033,549 in new appropriations, and changes to appropriations from various funding sources for new and existing projects, with a total budget of $123,229,261.

COMMUNITY SERVICES DISTRICT NO. CSD 26-289;
SUCCESSOR AGENCY NO. RSA 26-230;

A JOINT RESOLUTION OF THE CITY COUNCIL OF THE CITY OF MURRIETA AND THE BOARDS OF DIRECTORS OF THE MURRIETA LIBRARY DISTRICT, MURRIETA COMMUNITY SERVICES DISTRICT, AND THE SUCCESSOR AGENCY FOR THE MURRIETA REDEVELOPMENT AGENCY, APPROVING THE CAPITAL IMPROVEMENT PLAN BUDGET FOR FISCAL YEARS 2026/27, APPROVING THE FISCAL YEARS 2026/27 TO 2030/31 CAPITAL IMPROVEMENT PLAN, AUTHORIZING THE OPERATING TRANSFERS FOR VARIOUS FUNDS; AUTHORIZING THE USE OF UNASSIGNED FUND BALANCES, AND COMMITTED FUND BALANCES

WHEREAS, the City Council of the City of Murrieta ("City Council") also serves as the Board of Directors for the Murrieta Library District, the Community Services District, the Successor Agency for the Murrieta Redevelopment Agency; and

WHEREAS, the City Manager has worked with all City departments to prepare the preliminary capital improvement budget for fiscal year 2026/27 and capital improvement plan for fiscal years 2026/27 through 2030/31 (collectively "Capital Improvement Budget") to be presented to the City Council for its review and consideration; and

WHEREAS, on May 27, 2026, the Planning Commission discussed and determined that the new projects proposed in the 2026/27 to 2030/31 Capital Improvement Plan are in conformance with the City of Murrieta General Plan 2035; and

WHEREAS, the City Council reviewed the proposed Capital Improvement Budget at a workshop held on June 23, 2026; and

WHEREAS, that by adopting the Fiscal Year 2026/27 to 2030/31 Capital Improvement Plan and Budget, it is the intent of the City Council to revise the five-year plan each year by continuing to identify capital projects five (5) years into the future and to re-prioritize existing capital projects based on community needs as indicated under Exhibit A; and

WHEREAS, the City Council also desires to use unassigned, and committed fund balances from various funds for future costs related to design, construction, facility repairs, fleet and equipment purchase and replacements; and

WHEREAS, funds set aside for Operating and Sustainability Reserves require City Council approval in accordance with Governmental Accounting Standards Board (GASB) Statement No. 54 to be used in the Capital Improvement Plan and Budget; and

WHEREAS, subsequent to providing the public with an opportunity to submit written and oral comments, the City Council has reviewed and modified, as appropriate, the proposed fiscal year 2026/27 through 2030/31 Capital Improvement Budget and Capital Improvement Plan; and

WHEREAS, on July 7, 2026 the City Council conducted a properly noticed public hearing to consider the proposed fiscal year 2026/27 through 2030/31 Capital Improvement Budget and Capital Improvement Plan as the City Council believes that it is necessary for the efficient management of the City that certain sums be appropriated to the various projects, programs and activities of the City as shown in the proposed fiscal year 2026/27 through 2030/31 Capital Improvement Budget and Capital Improvement Plan.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF MURRIETA AND THE BOARDS OF DIRECTORS OF THE MURRIETA LIBRARY DISTRICT, COMMUNITY SERVICES DISTRICT, SUCCESSOR AGENCY FOR THE MURRIETA REDEVELOPMENT AGENCY, DO HEREBY RESOLVE AS FOLLOWS:

Section 1. The foregoing recitals are true and correct and incorporated herein.

Section 2. That the fiscal year 2026/27 through 2030/31 Capital Improvement Plan, a true and correct copy of which is attached hereto as Exhibit A, is hereby approved and adopted.

Section 3. That the sums of money set forth in the Capital Improvement Budget are hereby appropriated to the respective accounts and funds for expenditure during the 2026/31 fiscal year for the items set forth in the Capital Improvement Plan as indicated in Exhibit A.

Section 4. That the various Unassigned Fund Balances, Sustainability Reserves and Committed Fund Balances are hereby authorized for use in capital improvement projects as indicated in Exhibit A.

Section 5. That the Capital Improvement Budget is not a "project" as defined in CEQA Guidelines Section 15378 because it involves a funding mechanism, will not cause significant environmental impact. As such, this activity is not subject to CEQA pursuant to Section 15060(c)(2) and (3). This determination is predicated on Section 15004 of the guidelines, which provides direction to lead agencies on the appropriate timing for environmental review. The projects for which this budget is intended may require the preparation of an environmental document in accordance with State CEQA Guidelines.

Section 6. That the City Manager is authorized to move funds within a fund in the Capital Improvement Budget without limitation.

Section 7. This Joint Resolution shall take effect immediately.

PASSED AND ADOPTED this 7th day of July, 2026.

CITY OF MURRIETA

July 7, 2026

A MESSAGE FROM THE CITY MANAGER
CAPITAL IMPROVEMENT PLAN BUDGET FOR FISCAL YEAR 2026/27 AND FIVE-YEAR CAPITAL IMPROVEMENT PLAN FOR FISCAL YEAR 2026/27 THROUGH FISCAL YEAR 2030/31

To the honorable Mayor, members of the City Council, and citizens of Murrieta:

On behalf of the City staff, I am pleased to present the Capital Improvement Plan (CIP) and budget for the years 2026/27 through 2030/31. This plan allocates funding for capital projects within the City for Fiscal Year (FY) 2026/27, along with a financial strategy for the subsequent four years. The CIP outlines an appropriation of $37,033,549 designated for new initiatives and enhancements to existing projects. Additionally, it includes $86,195,712 in previously allocated projects that will continue, bringing the total CIP budget to $123,229,261 for FY 2026/27. The financing for these projects is sourced from various channels, including development impact fees, transportation funds, grants, and reimbursement agreements that are specifically earmarked for their intended purposes. It is important to note that these funds are primarily restricted from being utilized for general City operations.

I am proud to share that our dedicated team is unveiling a thoughtfully developed Capital Improvement Plan (CIP) budget, strategically aligned with the primary key objectives established by the City Council during the City Council's Goals Workshop. Finance staff is dedicated to cultivating a high-performing organization that prioritizes fiscal sustainability, transparency, accountability, and efficiency. In February 2026, the City Council held a Priority Setting Workshop to identify and prioritize the City Council's programs and projects. Through this biannual collaborative effort, our team has developed a detailed three-tiered ranking system to ensure we focus on the most impactful projects that align with the City Council's vision and objectives. Comprehensive details regarding this tiered ranking can be found in Appendices section of the CIP budget book.

The FY 2026/27 Capital Improvement Program (CIP) development process is guided by the following objectives:

- Conduct a comprehensive review of all CIP projects.
- Reassess project prioritization using the City Council's three-tiered prioritization framework.
- Identify dormant projects and projects designated as Tier 3 to reduce the number of active projects.
- Close, consolidate, or reclassify dormant and lower-priority projects where appropriate.

- Reappropriate funding from closed, completed, or dormant projects to higher-priority initiatives.
- Strategically allocate available funding to advance Tier 1 projects and City Council priorities.
- Align staff time, resources, and funding with the City Council's highest-priority projects and programs.

The FY 2026/27 Capital Improvement Program Budget reflects a comprehensive review and reprioritization of the City's capital projects to better align available resources with the City Council's strategic priorities.

The FY 2026/27 CIP Budget includes a total of 105 projects, representing a reduction of 67 projects from the prior fiscal year. This reduction reflects the City's efforts to streamline the CIP portfolio by closing, consolidating, or reclassifying dormant and lower-priority projects, thereby improving project delivery and focusing resources on the City's highest priorities.

Additionally, the FY 2026/27 CIP Budget implements a commitment of **$45 million in General Fund and Measure T Fund unassigned fund balance** toward the establishment of a Sustainability Reserve. The Sustainability Reserve will provide a long-term funding strategy to advance the City Council's most critical capital and programmatic priorities.

Consistent with the priorities affirmed by the City Council during the February 26, 2026, Goals Workshop, the Sustainability Reserve is intended to support the following priority projects and programs:

- 215/Keller Road Interchange
- Fire Station 6
- Cal Oaks Parks Revitalization
- Municipal Services Yard and Offices
- Fire Department Training Tower and Classrooms
- Line F Drainage Channel
- Citywide Beautification

Through these actions, the FY 2026/27 CIP Budget strengthens the City's ability to deliver critical infrastructure improvements, improve operational efficiency, and strategically invest in projects that provide the greatest benefit to the community.

CITY OF MURRIETA

I would like to express my gratitude to the City Council for their ongoing support and effective leadership as we work together to navigate a constantly evolving economy while implementing capital improvements that will enhance our infrastructure and instill pride in our citizens. It is crucial to acknowledge the 472 committed employees who make this community exceptional, achieving significant outcomes with limited resources. Lastly, I extend my thanks to the community, for whom all these efforts are made; your support fosters an environment where extraordinary achievements can occur.

Sincerely,

_____
Justin Clifton, City Manager

CALIFORNIA SOCIETY OF MUNICIPAL FINANCE OFFICERS (CSMFO)
CAPITAL BUDGET EXCELLENCE AWARD

The City of Murrieta was honored with the prestigious CSMFO Capital Budget Excellence award for the Fiscal Year 2025/26 Capital Improvement Budget in February 2026. This award program, overseen by the CSMFO Recognition Committee, acknowledges agencies that have well-presented budget documents and adhere to best practices, processes, and procedures. The City of Murrieta has consistently received this award for the past three fiscal years. City staff are confident that this document will continue to meet the requirements of the award program. More information about this program can be found at https://csmfo.org/news/720156/2025-CSMFO-Award-Program-Recipients.htm.

CAPITAL IMPROVEMENT PLAN SUMMARY

I. CIP BUDGET PROCESS

The City, defines a capital improvement project, as a specific undertaking involving the procurement, design, permitting, construction or installation of facilities and related equipment which improves, preserves, enhances or modernizes the City's provision of municipal services, has a long-term useful life, and for which costs exceed $25,000. Planning the citywide capital improvement plan (CIP) takes a monumental effort on available resources. The CIP budget process is a multi-month process that begins during the fall of the prior calendar year. The process starts when the City's Finance Department budget staff (Finance) prepares the available funding worksheet and conducts a comprehensive analysis of available resources with estimated revenues and expenditures by funding source.

On an annual basis, per California Government Code section 65403(c), the City Council adopts the five-year Plan to appropriate funding for new projects and amends existing projects as needed. The CIP prioritizes projects over the next five fiscal years based on community needs, but only appropriates funding for the first year of the CIP. The funding for capital projects comes from a variety of sources; but for the most part, these funds are restricted for specific types of capital project construction. These restricted funds are not available to be spent on ongoing operating costs.

As recommended by the Government Finance Officer Association (GFOA), City staff prepares a rolling five-year CIP. The five-year CIP outlines the expenditure plan for future capital projects, and identifies the corresponding revenue sources. California Government Code section 65401 states that if a General Plan or a part thereof has been adopted, a list of the proposed projects will be sent to the City's Planning Commission (Commission) for review and to report as to their conformity with the adopted General Plan. On May 27, 2026, staff is proposing to bring forward the additions to the CIP to the Planning Commission and obtain a finding that the new projects conform with the City's General Plan 2035.

The citywide CIP budget kick-off commences in late November with project managers and representatives from different departments, which includes the City Manager's Office – Special Projects section (CMO), Public Works/Engineering Department (PW/Eng), Police Department (PD), Fire Department (FD), Community Services Department (CSD), Parks and Recreation division (Parks & Rec), Municipal Services Department (MSD) and the Library division (Library). The departments submits proposed projects to the Finance Department and conducts a preliminary review of the proposed CIP project request or changes to an existing project.

The internal CIP review committee meets in January to review the proposed projects and ranks them according to the GFOA recommended and industry best practices on capital improvement planning factors in the area of legal mandates, public health and safety, preservation of assets, operating budget impact (cost/benefit analysis), economic impact, environmental, social and governance service delivery impact and community service delivery impact. The ranking is submitted for review to be presented to the City Manager for review and consideration.

In February 2026, the City Council convened a City Council Priority Setting Workshop to prioritize our capital improvement projects in conjunction with our administrative objectives. Through this collaborative bi-annual effort, staff has established a comprehensive three-tiered ranking system designed to ensure a focus on the most impactful projects that align with the City Council's goals and vision. Comprehensive details can be found in the CIP budget book.

The budget is presented at a high level to the Assistant City Manager and the City Manager for their final review and approval in April. In May, Finance and PW/Eng bring forward the new CIP projects for the Planning Commission's review on how the proposed new CIP projects are in conformance with the City's general plan. The CIP budget concludes with the City Council's formal adoption of the one (1) year budget and five-year plan at the designated public hearing in June annually.

CAPITAL IMPROVEMENT PLAN SUMMARY

CAPITAL IMPROVEMENT BUDGET AND PLAN FY 2026/27 - FY 2030/31 CALENDAR

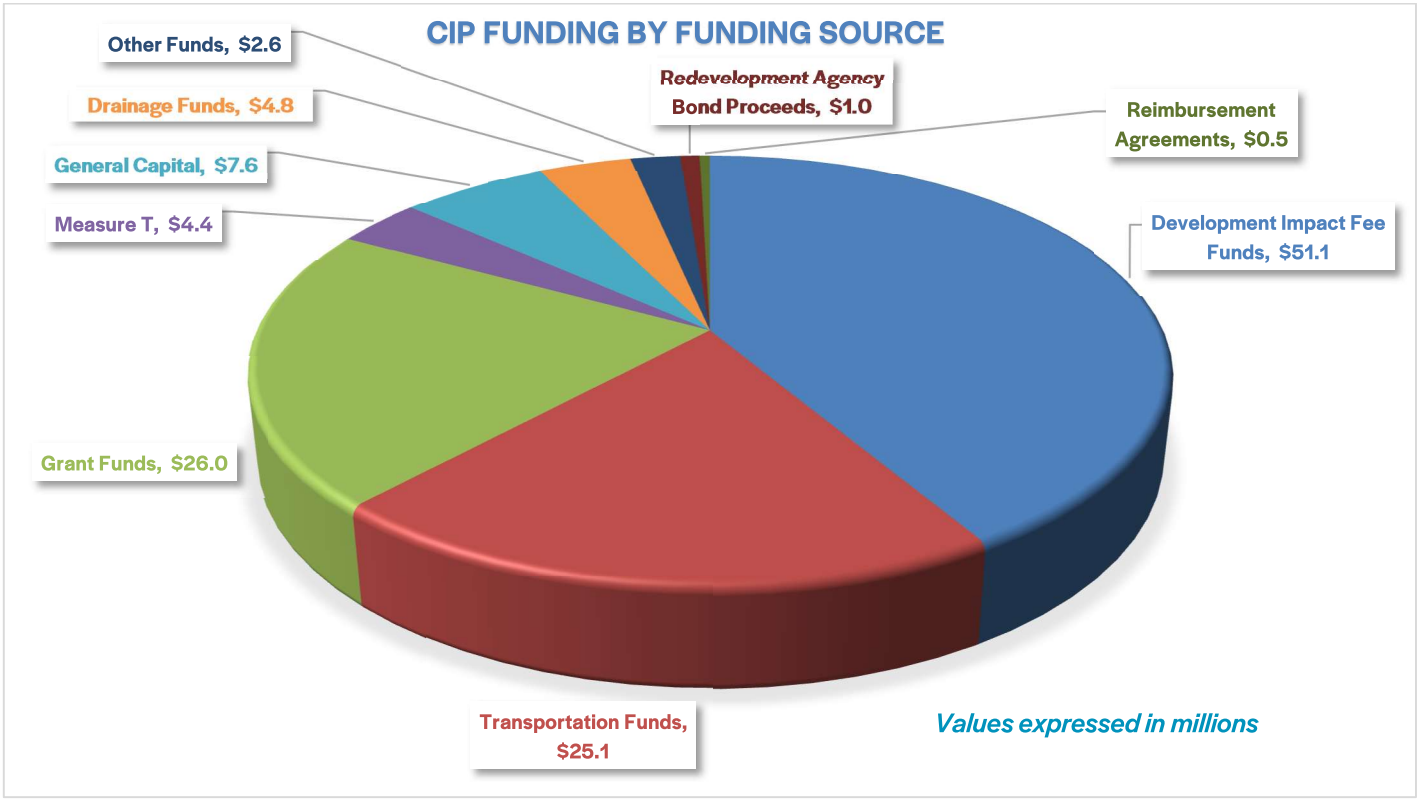
November 20, 2025	Citywide CIP Budget Kick-Off Meeting
November 2025 -January 2026	CIP Prioritization Meetings
January-February 2026	CIP Budget Meetings with the City Manager
February 26, 2026	City Council Special Workshop
March 13, 2026	Final CIP Budgets Due from Departments
April 6, 2026	Quarterly Departmental CIP Budget Meeting with the City Manager
May 27, 2026	Planning Commission Meeting – Adoption of Resolution
June 23, 2026	CIP Budget Workshop
July 7, 2026	City Council Regular Meeting – CIP Budget Adoption
July 7, 2026	Activate Proposed FY 2026/27 CIP Budget in Finance Enterprise

II. CIP PROJECTS BY FUNDING SOURCES AND TYPE OF INFRASTRUCTURE

During the CIP budget process, the Finance Department and departments that have existing capital improvement projects, work hand in hand in a comprehensive review and analysis of the existing and future CIP projects and how it relates to the overall City budget. City staff conducts a comprehensive analysis of the different funding sources, revenue estimates and trends, operating budget impacts, and discusses these results with the different project managers to be able to assess and plan to allocate available resources regularly, during a quarterly CIP project managers meeting.

The following is a summary and graph of the various funding sources for the FY 2026/27 CIP:

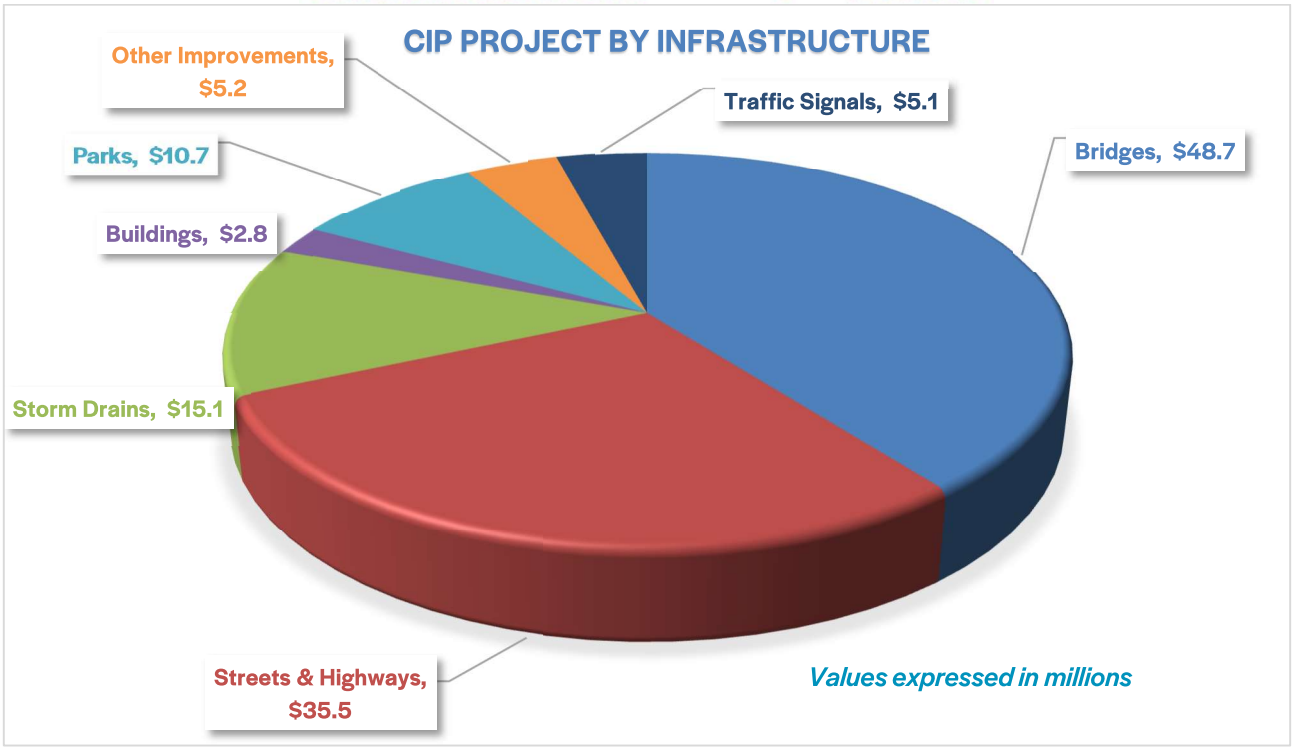
CIP SUMMARY BY FUNDING SOURCES	
Development Impact Fee Funds	51,111,332
Transportation Funds	25,146,346
Grant Funds	26,043,353
Measure T	4,434,421
General Fund & Gen. Fund Capital	7,561,095
Drainage Funds	4,839,735
Other Funds	2,562,570
Redevelopment Agency Bond Proceeds	1,011,147
Reimbursement Agreements	519,260
TOTAL BY FUNDING SOURCES	**$ 123,229,261**



CAPITAL IMPROVEMENT PLAN SUMMARY

The following is a summary and graph of the projected capital project by infrastructure for the FY 2026/27 CIP:

CIP SUMMARY BY INFRASTRUCTURE		
Bridges	$	48,732,563
Streets & Highways		35,544,308
Storm Drains		15,109,936
Buildings		10,651,550
Parks		5,223,993
Other Improvements		5,125,651
Traffic Signals		2,841,261
TOTAL BY INFRASTRUCTURE	**$**	**123,229,261**



III. FISCAL YEAR 2026/27 PROPOSED APPROPRIATIONS

A. NEW PROJECTS

City staff is proposing to add new projects in the first year of the CIP budget (FY 2026/27). The appropriation required for new and future projects is $4,467,000. The proposed projects are Fire Department Apparatus replacements, Police Department Office Updates, Equestrian Center Maintenance Phase 1, City Hall First Floor Improvements, Clinton Keith and Nutmeg Signal Modification, Tot Lot Replacements and Citywide Beautification of Parks and Landscape. These are initial estimates, and staff managing these projects will determine the full project cost and present it to the City Council for a contract or construction award.

	Project Detail	CATEGORY	2026-27	2027-28	2028-29	Future Years	Total
10050	Fire Department Tiller Truck	Other Improvements	2,400,000	-	-	-	2,400,000
10051	Fire Department Apparatus Medic Patrol 2	Other Improvements				241,591	241,591
10052	Fire Department Apparatus Medic Patrol 3	Other Improvements				241,591	241,591
10053	Fire Department Apparatus Type3 Brush 1	Other Improvements	-	-	-	911,911	911,911
10054	Fire Department Apparatus Type3 Brush 4	Other Improvements	-	-	911,911	-	911,911
10055	Fire Department Apparatus Type 1 Engine 1	Other Improvements	-	1,400,000	-	-	1,400,000
10056	Fire Department Apparatus Type 1 Engine 3	Other Improvements	-	1,400,000	-	-	1,400,000
10057	Fire Department Apparatus Type1 Engine 4	Other Improvements	-	1,400,000	-	-	1,400,000
10059	Police Department Office Updates	Buildings	-	-	-	200,000	200,000
10060	Equestrian Center Maintenance Phase 1	Parks	750,000	-	-	-	750,000
10061	City Hall 1st Floor Improvements Project	Buildings	750,000	-	-	-	750,000
17014	Clinton Keith and Nutmeg Signal Modification Project	Traffic Signals	317,000	-	-	-	317,000
22048	Upper Copper Canyon Park Tot Lot Replacement	Parks	-	-	-	500,000	500,000
22049	Echo Canyon Park Tot Lot Replacement	Parks	-	-	-	500,000	500,000
22050	Shady Maple Park Tot Lot Replacement	Parks	-	-	-	500,000	500,000
22051	Citywide Beautification (Parks & Landscape)	Parks	250,000	-	-	-	250,000
	NEW PROJECTS - SUBTOTAL		$ 4,467,000	$ 4,200,000	$ 911,911	$ 3,095,093	$ 12,674,004

Page 1

B. REAPPROPRIATION OF EXISTING CIP BUDGET

In the Fall of 2025, Staff underwent a prioritization exercise and analyzed projects and proposed that some projects be consolidated. Staff proposes changes to 83 existing projects, resulting in a net reappropriation of $32,566,549 to be reallocated in the next fiscal year, FY 2026/27. This will ensure additional funding as completion of right-of-way acquisition, design, and adjustments to the various construction phases of existing CIP projects rely on these appropriations. Staff is also prioritizing projects as directed by the City Manager to prioritize funding for nine (9) Tier 1 priority projects to focus on in the next CIP budget cycle. The projects include the City's Top Priority Projects namely, I-215/Keller Road Interchange Project, Fire Station 6, Life F Drainage Channel, CalOaks Revitalization, MSD Yard Offices and Fire Department Training Tower and Classroom, Citywide Beautification Improvements Project, City Hall First Floor Improvements Project and the Phase 1 of the Police Department Building Expansion. In February 2026, the City Council held a City Council Goals Workshop to prioritize capital improvement projects in conjunction with the City's administrative objectives. Through this collaborative effort, staff have established a comprehensive three-tiered ranking system designed to ensure that funding is prioritized for the most impactful projects that align with the City Council's goals and vision. Comprehensive details can be found in the summary table below and as attachments to this report.

As part of the overall reappropriation, staff proposes ongoing maintenance projects totaling $3,092,226. Funds from special revenue – Transportation funds are allocated to the projects in the following table. These 3 maintenance items are regularly included in the CIP budget and help assist the PW/Eng department in conducting and facilitating smaller-scale citywide projects on a regular basis. The FY 2027/28 Slurry Seal project will be allocated its Measure A funding in the next CIP budget cycle once staff receive confirmation of the allocation of funds from RCTC. The Pedestrian Safety Enhancement project will receive allocation once the County of Riverside allocates the CDBG grant funds in the Fall of 2026. The allocation shows an increase of approximately four (4%) percent from the prior year as staff anticipates potential increases due to inflation. These projects are included in the Streets and Highway table section

BRIDGES

Project No.	Project Title	Budget Increase (Decrease)	Project No.	Project Title	Budget Increase (Decrease)
8323	Guava Bridge over Murrieta Creek	$ (1,384,446)	11002	FY23/24 Bridge Preservation Program	(25,000)
8411	I-15 at Murrieta Hot Springs Modification	(1,839,542)	11003	FY24/25 Bridge Preservation Program	(25,000)

11001	Bridge Preservation Program	75,000			
				TOTAL - BRIDGES	**$ 17,073,215**

STREETS & HIGHWAYS

Project No.	Project Title	Budget Increase (Decrease)	Project No.	Project Title	Budget Increase (Decrease)
8043	Pavement Resurfacing-Asphalt Overlay	$ (102,442)	13055	FY 23/24 Street Name Sign Replacement Program	$ (40,000)
10015	Pavement Management Program	(164,929)	13056	FY 23/24 Pavement Management Program	(40,000)
13035	Castellane Drive	(199,044)	13061	FY 24/25 Pavement Management Program	(34,635)
13044	Ped Safety Enhancements FY 22/23	6,840	13062	FY 24/25 Street Name Sign Replacement Program	(40,000)
13046	Ped Safety Enhancements FY 23/24	(56,840)	13063	FY 24/25 Neighborhood Traffic Management Prog	(609)
13048	FY23/24 Citywide Slurry Seal Project	(1,081,019)	13074	Neighborhood Traffic Management Prog	79,609
13050	FY 23/24 Neighborhood Traffic Management Prog	(16,132)	13083	FY25/26 Citywide Asphalt Resurfacing Project	3,067,226
			13084	Ped Safety Enhancements FY 26/27	25,000
				TOTAL - STREETS & HIGHWAYS	**$ 1,403,025**

Staff also propose adding additional appropriation to nine (9) existing CIP maintenance projects to complete ongoing work of these existing projects. The appropriation comes from reallocation of funds from the consolidation of duplicated projects and from savings from existing projects. The proposed work includes various citywide maintenance-related projects, phase two of the synthetic turf replacement for the football field at Los Alamos Hills Sports Park and design and construction of citywide electric vehicle charging stations.

C. SUBSTANTIALLY COMPLETED PROJECTS

In FY 2025/26, twenty-two (22) CIP projects, with approximately $12,866,280 in total project costs to date, were deemed substantially complete. These CIP projects are in-service or ready to be in-use, while awaiting a full project closeout. Once these projects are completed, they will be closed, and full project costs will be reported in the next CIP budget update. Project summary and photos will be updated in the final CIP budget book adoption and upon project completion.

Project Number	Project Name	Estimated Final Costs
8273	Glen Arbor Park Improvements	$ 1,761,033
10027	City Hall Roof Repair	178,250

	$	**12,866,280**

IV. CITY COUNCIL PROJECT PRIORITIZATION PROCESS

Three-Tier Ranking System

In February 2026, the City Council convened a Priority-Setting Workshop to prioritize our capital improvement projects in conjunction with administrative objectives. Through this collaborative biannual effort, staff has established a comprehensive three-tiered ranking system designed to ensure a focus on the most impactful projects that align with the City Council's goals and vision. Staff provided updates on the priority projects. The City Council reviewed the prioritized projects and either affirmed the prior prioritization or, in some cases, directed that the ranking for several projects be adjusted.

City Council Priorities Tiers

Tier 1—Fully Programmed Solidified as top priorities by City Council, these priorities are fully programmed with strategies, work plans, and dedicated resources. Priorities are classified as either Large-Scale Projects or Small-Scale Projects.

Tier 2 – Partially Programmed (Identified priorities by City Council that are partially programmed with conceptual strategies but where additional work plans and/or resource dedication are necessary)

Tier 3 – Unprogrammed (Unprogrammed projects/programs not yet prioritized by City Council pending development of strategies, work plans, and dedicated resources.)

The updated detailed City Council Priorities Tiers 1, 2, and 3 and summary are attached in the appendices of the CIP budget book.

V. MAJOR CIP BUDGET FUNDING SOURCE UPDATES

Gas Tax / Highway User Tax Account (HUTA)

Well-maintained streets are essential for residents and visitors to conduct business and for general transportation purposes. An adequately funded street program reduces potholes, supports the improvement of existing roads and contributes towards the construction of new roads. One of the special revenue sources the City uses to maintain its roads is Gas Tax. Gas tax is received through an allocation from the State of California from taxes collected on gasoline, diesel fuel sales and registration of motor vehicles. These revenues have remained flat in recent years due in part by fuel-efficient vehicles and the increase in use of alternative fuels. The cost to maintain the roads, however, continues to increase.

As of June 2025 revenue received was $3,576,871, which is 3.92% higher than the prior fiscal year's at $3,442,082. In FY 2025/26, the City expects to receive $3,537,389, approximately 1.10% lower than FY 2024/25 actuals. Initial estimates for FY 2026/27 is expected to receive 1.77% higher for a total of $3,600,089. Finance staff will monitor actual receipts and recommend amending the project budgets as necessary.

Measure A

In 2002, Riverside County voters extended Measure A. Measure A will continue to fund transportation improvements through 2039. Funds are generated from the half-cent sales tax levied throughout Riverside County to carry out transportation projects. The funds are restricted to funding a comprehensive program of roadway and transit improvements.

As of June 2025, the City received $3,885,627, which is approximately 8.27% higher than the prior fiscal year's actuals of $3,588,810. The latest revenue projection for FY 2025/26 is $3,824,000, approximately 1.59% lower

than the prior fiscal year's actuals. Initial estimates for FY 2026/27 are projected to increase by approximately 0.85% lower than FY 2025/26 estimates, for a total of $3,791,600. Finance staff will monitor actual receipts and recommend amending the project budgets as necessary.

SB1 Road Maintenance and Rehabilitation (RMRA)

The Road Repair and Accountability Act of 2017 (SB1 Beall) provides a significant increase in revenue to the City. The revenue is restricted to road maintenance and rehabilitation, safety projects, and complete street components. In FY 2023/24, total revenues received were $3,071,403. FY 2024/25 total revenue are 7.28% higher at $3,295,080. Estimates for FY 2026/27 is projected to increase by approximately 1.35% higher than FY 2024/25 for a total of $3,330,124. The finance staff will monitor actual receipts and recommend amending the project budgets as necessary.

Development Impact Fee Revenue

As the City's population grows, an increased demand is placed upon its infrastructure and public facilities. In response to the additional demands, the City requires every new development who develops land to mitigate the impacts of that development by paying a Development Impact Fee (DIF). The fees collected are used for new public facilities, vehicles, equipment, and infrastructure development projects. DIF fees are a major revenue source for the development of City projects because they are contingent on development within the City. DIF revenues make up 43.07% of the overall CIP funding sources as shown in Section II of the CIP Funding Sources and Uses chart and table.

In September 2024, the Governor of California, signed SB 937(Wiener) into law which coincided with the regulation of fees for development projects The act prohibits a local agency that imposes fees or charges on residential development for the construction of public improvements or facilities from requiring the payment of those fees or charges until the date of the final inspection or the date the certificate of occupancy is issued, whichever occurs first, except for utility service fees, which the local agency is authorized to collect at the time an application for utility service is received. The act authorizes a local agency to require the payment sooner than the date of the final inspection or the date the certificate of occupancy is issued, whichever occurs first, if specified conditions are met, including if the fees or charges are to reimburse the local agency for expenditures previously made. The legislation affects the City which defers the collection of the development impact fee to a future date. Prior to the passage of SB 937, the City collects DIF fees prior to building permit issuance for all development. SB 937 defers payment of DIF fees until the end of the project. The result of deferred DIF fees will be fewer fees collected for the next 12 to 18 months. Finance and Public Works staff will continue to monitor actual receipts and recommend amending the budgets and revenue projections as necessary.

VI. OPERATING BUDGET IMPACT

In FY 2026/27 the estimated total ongoing operations and maintenance cost of $726,560 is reflected under the FY 2026/27 Schedule of Operations and Maintenance with the list of projects. The City includes these operating budget impacts in the biennial budget process to address ongoing maintenance for completed projects. The detailed Schedule of Operating Budget Impact is found in the appendices of the CIP budget book to fulfill the requirements of Government Code Section 65403 and City Council Resolution 07-1828.

In February 2020, the 2007 Certificate of Participation (COPS) was refinanced into the issuance of the 2020A Lease Revenue Refunding Bonds (2020A LRRB). The issuance was in connection to financing the cost of the 1997 Project to Murrieta Hot Springs Road. In FY 2025/26, approximately $730,600 in annual Measure A proceeds are budgeted to pay this obligation. A detailed schedule of outstanding debt is located within the appendices of this CIP budget book. In FY 2026/27, approximately $729,300 are budgeted to pay the final debt service payment. The bond is scheduled to reach its maturity date towards the end of FY 2026/27.

VII. UNFUNDED PROJECTS

The City updated the unfunded projects list as part of the 2023 DIF study and facility assessment and has identified approximately $590.3 million in projects that remain unfunded. This list will be updated as funding becomes available and as new projects are identified. This document contains a list of these projects, as well as pertinent information on all projects currently budgeted. The table below displays a breakdown of unfunded projects by category. The detailed listing of unfunded projects is located in the Unfunded Projects by category section of the CIP budget book.

Unfunded Projects by Project Type

	In millions
Streets & Highways	$ 291.7
Buildings	102.2
Bridges	64.5
Parks	68.5
Traffic Signals	31.3
Storm Drains	22.5
Other Improvements	9.7
Total Unfunded Projects	**$ 590.3**

REVENUE SOURCES

The City of Murrieta's revenue basis for key capital revenue estimates is based on the same basis of accounting as is followed for budgeting. A modified accrual basis is used for governmental and fiduciary funds. Under this method, revenues are recognized only when they become measurable and available. Revenue is measurable when the transaction amount is determinable, and it is available when it is collectible in a manner that allows it to be used to pay for liabilities in the current period. Governments typically define an availability period for revenue recognition, and the City considers revenues related to a specific fiscal year available if they are collected within 60 days after that fiscal year's end. Sixty days is a standard revenue recognition period. Expenditures are typically recorded when the liability is incurred, except for debt service expenditures, which are recorded when payment is due. On the other hand, the proprietary funds, including the enterprise and internal service funds, use an accrual basis. Under this method, revenues are recognized when earned, and expenses are recognized when the related liability is incurred. An Annual Operating Budget is adopted for all Governmental Funds except for the Capital Projects Funds, in which effective budgetary control is achieved on a project-by-project basis when funding sources become available. Each fund has an appropriated budget and is prepared on a detailed line-item basis. All funds are appropriated by the City Council, and appropriations lapse at year-end, except those for the Capital Projects Fund. The City Council appropriations for capital projects continue until completion of the project. As part of the bi-annual City Council Goal-Setting Workshop held in February 2026, the Finance Department identified an updated policy to the Operating and Capital Improvement Budget as a department priority.

AIR QUALITY MANAGEMENT DISTRICT (336)

State funds are available from a portion of the motor vehicle registration fees (CA Assembly Bill 2766) that are restricted for use towards the implementation of programs and projects that will reduce motor vehicle air pollution.

AREA DRAINAGE FEES (551)

Local funds are generated through mitigation fees imposed by the County of Riverside for the construction of drainage facilities to be maintained by the Riverside County Flood Control and Water Conservation District.

COMMUNITY DEVELOPMENT BLOCK GRANT (341)

Federal funds are allocated to local governments, usually through a local clearinghouse (Riverside County Economic Development Agency), based on a formula, and are required to be applied to and used within a broad functional area such as community development.

COMMUNITY FACILITIES DISTRICT FUND (576)

The Community Facilities District (CFD) Fund, is a special district formed pursuant to the Mello-Roos Community Facilities Act of 1982, to finance specific public improvements or public services, and where properties within the district are levied a special tax in accordance with the rate and method of apportionment adopted as part of the district proceedings. City Policy No. 100-24 provides guidelines and procedures for the administration and use of the CFD funds.

COMMUNITY SERVICES DISTRICT FUND (171)

The Community Services District Fund mainly supports the general operations of the Murrieta Community Services District (CSD). CSD maintains the City's 53 parks and recreational facilities and provides for a wide

variety of vital recreational programs to the community. Funding for CSD is primarily from a special tax assessment and various charges for services (User Fees).

DEVELOPER SPECIAL AGREEMENTS (316)

Local funds are generated by the use of special agreements or conditions of approval for development projects. Developers can construct infrastructure deemed necessary as a result of the developer's project or remit payment-in-lieu.

DEVELOPMENT IMPACT FEES (DIF)

Fees collected from builders and developers to pay for improvements and facilities required to serve new development or otherwise reduce the impacts of new development on a community. Fees are collected for the following classifications:

- Fire facilities, vehicles and equipment (127)
- Freeway interchanges (128)*
- General facilities, vehicles and equipment (129)
- Law enforcement facilities, vehicles and equipment (130)
- Library facility and book collection (131)
- Open space acquisition including habitat preservation (132)*
- Park land acquisition and development (133)
- Storm drainage facilities (134)
- Streets, minor bridges and culverts (135)*
- Traffic signals and controllers (136)
- Community center expansion (137)
- Streets & Bridges (138)

** Fund 138 replaced Funds 128 and 135; these funds no longer collect DIF revenues.*
** Fund 132 has been combined with Fund 133, Open space will no longer be collected.*

FIRE FUND (151)

Fire Department funds are primarily generated by local property taxes and various charges for services. The revenue is used to support the operations of the department.

GENERAL FUND (110)

The General Fund is primarily used to provide funding to the following City services: Police and Code Enforcement; Engineering and Public Works for the construction and maintenance of City streets, roads, bridges, and facilities; Development Services, which includes planning, and plan review and inspection services; Economic Development services; General Administrative services, which include Finance, Human Resources, and Legal services as well as programs and services within the Office of the City Manager. The primary source of revenue are taxes, charges for services, licenses and permit fees and other miscellaneous revenues.

ARPA FEDERAL GRANT FUNDS (374)

In May 2021, the United States Department of Treasury announced the availability of funds from the American Rescue Plan Act of 2021 (ARPA), related to COVID-19 pandemic recovery efforts. The grant funds are being used to construct City facilities as well as water and sewer infrastructure that will benefit current and future

Murrieta residents.

ASSET FORFEITURE - FEDERAL FUNDS (403/404)

According to the Guide to Equitable Sharing, July 2018, the Department of Justice and the Department of the Treasury Asset Forfeiture Programs are, first and foremost, law enforcement programs. They remove the tools of crime from criminal organizations, deprive wrongdoers of the proceeds of their crimes, recover property that may be used to compensate victims, and deter crime. One of the ancillary benefits of asset forfeiture is the potential to share federal forfeiture proceeds with cooperating state and local law enforcement agencies through equitable sharing. The Department of Justice and the Department of the Treasury Equitable Sharing Programs (Program) enhance cooperation amongst federal, state, local, and tribal law enforcement by providing valuable additional resources to state and local law enforcement agencies. However, the Program is designed to supplement and enhance, not supplant, appropriated agency resources.

FEDERAL GRANTS (377)

On April 2022, the Economic Development Administration (EDA), awarded the City of Murrieta a $2.4 million grant for renovations to the Murrieta Innovation Center needed to develop a life science startup incubator. An agency within the U.S. Department of Commerce, EDA invests in communities and supports regional collaboration in order to create jobs for U.S. workers, promote American innovation, and accelerate long-term sustainable economic growth. On September 2022, CALOES/FEMA awarded the City of Murrieta a $430,458 grant for critical facilities generator mitigation for City Hall and the Murrieta Fire and Rescue Administration Building/Fire Station 1. On June 2024, the Economic Development department, received the US Department of Energy (USDOE) Energy Efficiency and Conservation Block Grant (EECBG) grant that would be utilized for financing, purchasing, and installing energy efficiency, renewable energy, and zero-emission transportation (and associated infrastructure).

GENERAL FUND CAPITAL (112)

The General Funds that are to be spent on capital projects are transferred into this fund.

HIGHWAY USERS TAX ALLOCATION (HUTA) OR “GAS TAX” (306)

State funds are generated from a portion of the gasoline excise tax and are restricted to research, planning, construction, improvement, maintenance and operation of public streets and highways or public mass transit.

HIGHWAY BRIDGE PROGRAM (352)

Authorized by the Federal Transportation Equity Act for the 21st Century (TEA21), this program provides restricted funds for the replacement or rehabilitation of public highway bridges over waterways, other topographical barriers, other highways, or railroads.

HIGHWAY SAFETY IMPROVEMENT PROGRAM (379)

This program was established by SAFETEA-LU as a core Federal-aid program. Funds are to be used to

achieve a significant reduction in traffic fatalities and serious injuries on all public roads through the implementation of infrastructure-related highway safety improvements.

LANDSCAPE AND LIGHTING DISTRICT FUNDS (200 to 231)

Landscape and Lighting Districts (LLD's) are formed in accordance with the Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the California Streets and Highways Code and is a flexible tool used by local government agencies to pay for the landscaping, lighting, and other improvements and services for public areas in a particular zone. Landscape and Lighting Districts are based on the concept of charging only those properties that benefit from the maintenance and/or improvements within that development, via an assessment on a benefit unit's annual property tax bill.

MISCELLANEOUS GRANTS (354)

Grants in this fund are typically from local government or non-profit agencies to be used for a specific purpose.

LIBRARY GRANTS (357)

Grants in this fund are typically from local and state government, or non-profit agencies to be used for a specific purpose. For CIP-related projects, the Library received grants from the California State Library (State) and Western Municipal Water District (WMWD) for Capital Improvement Projects (CIP) namely the Building Forward Library Infrastructure Grant and the Sustainable California Libraries Grant. On October 2022, the California State Library awarded the City of Murrieta a $1,505,625 grant for the expansion of the children's area and creation of the new storytime room. The State and WMWD has also awarded grants to the Library, to help construct the Pollinator Garden.

MEASURE A (302)

State Funds are generated from the one-half percent sales tax levied throughout Riverside County to carry out transportation projects. Funds are restricted to fund a comprehensive program of roadway and transit improvements including: highway, street, and road construction; highway, street, and road maintenance; bus and light rail capital and operations; improved transportation services for elderly and handicapped persons; and transportation-related air quality programs. Original Measure A expired in 2009 but a measure was placed on the November 2004 ballot to renew the Measure A for 30 more years after the original measure expired. After voters passed the new Measure A with more than 75% of voter approval, the "new" Measure A took effect in April 2009.

MEASURE T (111)

On November 6, 2018, registered voters, by a majority, voted to enact Measure T, a proposed one percent (1%) transaction and use tax. City Council approved Ordinance 540-18 on December 18, 2018 imposing a transactions and use tax to be administered by the California Department of Tax and Fee Administration (CDTFA) and adding Chapter 3.22, Transaction and Use Tax, to the Murrieta Municipal Code with an operative date of April 1, 2019. The Murrieta Fire & Rescue District (Fire District), the Community Services District (CSD), and the Murrieta Library District (Library) receive their subsidies from Measure T.

REVENUE SOURCES

MURRIETA REDEVELOPMENT SUCCESSOR AGENCY TAX ALLOCATION BONDS (512- 2005 TAB; 513- 2007 TAB)

The Redevelopment Successor Agency (Agency) was established as a result of the State of California's decision to dissolve all California Redevelopment Agencies. Funds were originally obtained from the issuance of Tax Allocation Bonds. The remaining balance of 2005 and 2007 bond proceeds can only be spent on items identified in the bond documents that have been approved by the Oversight Board of the Agency and have been approved by the Department of Finance (DOF) on the Recognized Obligation Payment Schedule (ROPS).

OTHER AGENCIES/REIMBURSEMENTS (319)

Funding is made available from other agencies or sources on a reimbursement, donation, and/or contribution basis. The actual agreement states the conditions for use of the monies.

OTHER GRANTS (350)

Grants in this fund are typically from local government or non-profit agencies to be used for a specific purpose.

SB1 ROAD MAINTENANCE AND REHABILITATION (307)

Road Maintenance and Rehabilitation Act are generated from increases in the diesel fuel and gasoline excise taxes, a new vehicle registration tax called the "transportation improvement fee", and an additional vehicle registration tax on zero-emission vehicles. These funds are restricted to fund projects that include, but are not limited to road maintenance and rehabilitation, safety projects, railroad grade separations, traffic control devices, and complete street components.

STATE TRANSPORTATION IMPROVEMENT PROGRAM (380)

The State Transportation Improvement Program (STIP) provides flexible funding that may be used by states and local governments for certain state highway improvements, intercity rail, and regional highway and transit improvements.

TRANSPORTATION UNIFORM MITIGATION FEES (TUMF) (161)

Under TUMF, developers of residential, industrial, and commercial property pay a development fee to fund transportation projects that will be required as a result of the growth the projects create. The Western Riverside Council of Governments (WRCOG) oversees the allocation of TUMF fees to cities for funding local transportation projects.

REVENUE SCHEDULE

Development Impact Fees | Transportation Funds | Grant Funds and Other Funding Sources

Fund	2026-27	2027-28	2028-29	2029-30	2030-31

[1] *Fund 128 Freeway and Fund 135 Street DIF was discontinued after the new DIF study was implemented in 2018. New Bridge/Fwy/Street DIF under Fund 138 receiving mostly interest-only revenue.*

[2] *Grant Funds are projections and reimbursable in nature. The City recognizes the revenue during the fiscal year of activity and within the period of performance. Grant budget estimated balance may be carried forward year over year during the period of performance. Interest revenue accrues wihtin the funds.*

[3] *Funds 110,111,112,151,171,311 and 726 estimated revenue show fund balances that are committed to capital projects only and may include estimated interest revenue.*

[4] *Fund 210/LLD 10 is currently receiving subsidy from the General Fund to make up potential budget shortfall.*

[5] *Committed fund balances to CIP and encumbrances at fiscal year-end to be trued-up.*

[6] *DIF revenues are based on estimates, based on historical and current-year activity not the adopted budget, which may include interest revenue.*

EXPENDITURE ANALYSIS

EXPENDITURE BASIS, KEY ASSUMPTIONS, POLICIES AND SUMMARY

The City of Murrieta employs a modified accrual basis for its accounting method, which is used for governmental and fiduciary funds. Under this method, expenditures are recognized only when they are measurable and available. Expenditures are considered measurable when the transaction amount can be determined, and they are deemed available when they can be collected in a manner that allows them to pay for liabilities in the current period. The City defines an availability period for both expenditure and revenue recognition, considering expenditures related to a specific fiscal year as available if collected within 60 days after the fiscal year ends. Sixty days is a standard period for revenue expenditure recognition.

Typically, expenditures are recorded when the liability is incurred, with the exception of debt service expenditures, which are recorded when payment is due. In contrast, proprietary funds, including enterprise and internal service funds, operate on an accrual basis. Under this method, revenues are recognized when earned, while expenses are recognized when the related liability is incurred.

An Annual Operating Budget is adopted for all Governmental Funds, except for Capital Projects Funds, where effective budgetary control is achieved on a project-by-project basis as funding sources become available. Each fund has an appropriated budget prepared on a detailed line-item basis. All funds must be appropriated by the City Council, and appropriations lapse at the end of the year, except for those identified as capital projects, which continue until the project is completed.

During the bi-annual City Council Goal-Setting Workshop held in February 2026, the Finance Department identified an updated policy for the Operating and Capital Improvement Budget as a priority for the department.

The estimated operating impacts for FY 2026/27 is calculated at a four percent (4%) inflationary factor year over year. This is reflected on the proposed funding plan also as estimated in the next three years of the five year capital improvement plan.

CALIFORNIA LEGISLATION IMPACTS

SB 937 (Wiener)

In September 2024, the California Governor Newsom signed SB 937 (Wiener), which regulates fees for residential development projects. The law prohibits local agencies from requiring payment for construction fees until the final inspection or issuance of the certificate of occupancy, whichever occurs first. However, utility service fees may still be collected when an application for services is submitted. Currently, the City of Murrieta collects DIF for various purposes as identified in the 2023 DIF Study. The City has identified projects as part of a future year CIP and as part of the Unfunded Projects category. The passage of this legislation could potentially affect the collection deferral of said DIF fees by 12 to 18 months.

AB 2553 (Friedman)

In September 2024, California Governor Newsom signed AB 2553 (Friedman), which regulates fees related to vehicular traffic. When a local agency imposes a fee on a housing development under California Government Code Section 66001 to address vehicular traffic impacts, the fee must be lower for developments that meet specific characteristics. This lower fee applies unless the agency determines, after a public hearing, that the development would generate as many or more automobile trips than those without those characteristics. Currently, as part of the 2023 DIF Study, the City of Murrieta collects Streets Highway

and Freeway and Traffic Signals DIF and has identified projects as part of a future year CIP and as part of the Unfunded Projects category. The passage of this legislation could potentially affect the collection of said DIF fees.

SB 74 (Seyarto)

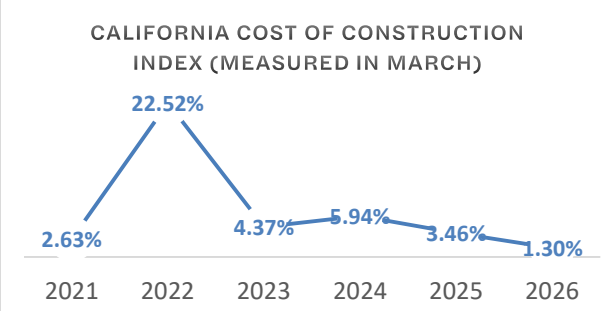
In January 2025, California Senator Seyarto proposed SB 74, a bill that mandates the creation of the Infrastructure Gap-Fund Program. This program aims to provide grants to local agencies for infrastructure projects that encounter unforeseen costs after construction begins. The funding will cover up to 20% of the additional projected costs, provided that the local agency has allocated at least 45% of the initial total cost from local tax revenue. If approved by the California Governor, these provisions set to take effect on January 1, 2030. The City has identified several unfunded projects as part of a future CIP project and most notably, the I-215 Keller Interchange project could potentially qualify for this program should the legislation be passed.

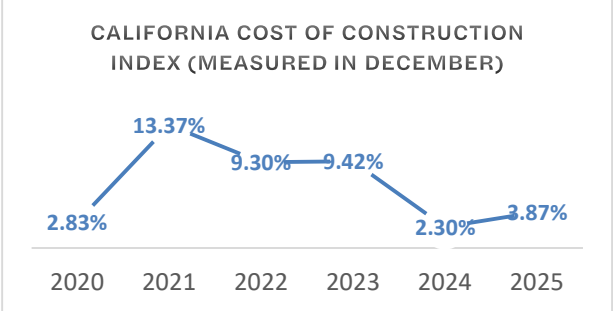
FEDERAL LEGISLATION IMPACTS

In early April 2025, the City of Murrieta received notification, through the California State Library and Institute of Museum and Library Services, that effective April, 1, 2025, the federal grant awarded under the Library Services and Technology Act (LSTA) has been terminated. At present, there is no LSTA funded capital improvement project that is affected. In prior years, the City was awarded the LSTA grant to fund the Pollinator Demonstration Garden. The press release is found on the California State Library's website link https://www.library.ca.gov/uploads/2025/04/California-State-Library-Notice-of-IMLS-Grant-Termination-Press-Release.pdf. Future potential impacts to the Library could reduce subsidized programs like Lunch at the Library and future funding for a capital improvement project.

CALIFORNIA COST OF CONSTRUCTION INDEX (CCCI)

The California Department of General Services publishes the five-year building cost index (BCI) cost indices based on the Engineering News Record (ENR). The index shows the average for the major metropolitan areas in San Francisco and Los Angeles. The cost of construction in California has increased incrementally on average of 6.71% with a year over year comparison ending in March 2025. The line graph below shows two data sets taken at March of every year and annually at the end of December. The data shows that during the recovery post-COVID19, the cost of construction is much higher around March by an average of 22.52%, whereas annualized in December it is approximately nine basis points (9%) lower at 13.37%. This shows that since most of the construction industry anticipates construction during the spring and summer months, the data indicates that it became inverse in the past three calendar years (2023-2025) making it more expensive to construct in the winter months by about three and a half (3.5%). The CCCI is located on the Department of General Services website link https://www.dgs.ca.gov/RESD/Resources/Page-Content/Real-Estate-Services-Division-Resources-List-Folder/DGS-California-Construction-Cost-Index-CCCI



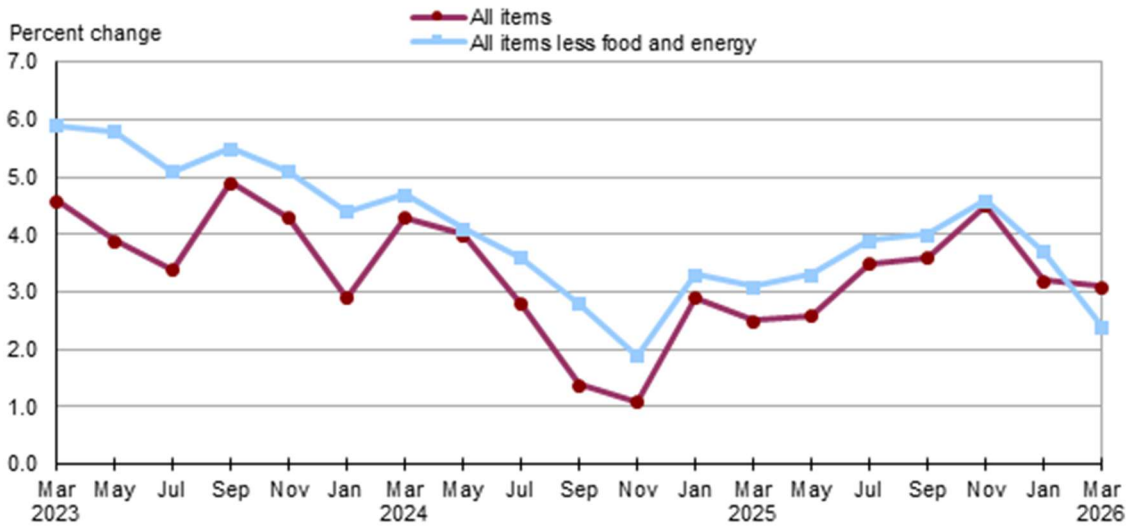


EXPENDITURE ANALYSIS

CONSUMER PRICE INDEX (CPI)

The Consumer Price Index (CPI) is a measure of the average change in prices over time in a fixed market basket of goods and services. In February 2026, the Bureau of Labor Statistics (BLS) Western Information Office, released information 25-211-SAN, the consumer price index for all urban consumers (CPI-U) for the Riverside-San Bernardino-Ontario statistical area was up 3.1 percent for the past 12 months ending in March 2026. The next CPI update will be released in April 2025. The Bureau of Transportation Statistics (BTS) released the CPI for all transportation goods and services, rose 7.1% from April 2025 to April 2026. Gasoline contributed the most to inflation, rising 28.4% year-over-year and contributing 24.2% to the annual change in the price of all goods and services. An estimated cost inflation factor of four percent (4%) is used year over year from years three to five of the CIP FY 2026/27 to FY 2030/31 expenditure schedule of for purposes of forecasting future expenses. City staff will continue to monitor and recommend amending the project budgets as necessary to mitigate potential future inflation on construction-related costs.

Chart 1. Over-the-year percent change in CPI-U, Riverside-San Bernardino-Ontario, CA, March 2023–March 2026



Source: U.S. Bureau of Labor Statistics.

GENERAL FUND (110) & GENERAL FUND CAPITAL (112)

The General Fund receives sales tax and district tax from both the Bradley-Burns and District Tax. These funding sources impact operating expenditures and potential transfers for capital improvements. According to the HdL website, as of March 2026, statewide sales tax revenue experienced a 1.2% decline, which was attributed to the autos and transportation, building and construction, and fuel and service station sectors. Capital projects that are not funded by other special revenue sources are supplemented by the General Fund and the General Fund Capital funds.

MEASURE T (111)

In March 2026, the Finance staff presented to the Transactions and Use Tax Oversight Committee a summary report as of December 2025. The estimated capital improvement projects activities expended fiscal year to date is $963,931. According to the most recent forecast through the mid-year budget process in March 2026, revenue is estimated to be at $29 million which is seven and a half percent lower than originally adopted as part of the biennial budget process.

CSD ZONES (180 to 189) AND LANDSCAPE AND LIGHTING DISTRICT FUNDS (200 to 231)

Landscape and Lighting Districts (LLDs) are established under the Landscaping and Lighting Act of 1972, which is part of Division 15 of the California Streets and Highways Code. These districts serve as a flexible tool for local government agencies to fund landscaping, lighting, and other improvements and services in public areas of a specific zone. LLDs operate on the principle of charging only those properties that benefit from the maintenance and improvements within the district. This charge is applied through a special assessment on the annual property tax bill for each benefit unit. Starting in fiscal year 2022, the Local Zones and LLDs received an operating transfer from the General Fund for those districts that have a budgetary deficit. For the fiscal year 2025/26, the Local Benefit Zones have not had an increase in its special assessments and will continue to be levied at the same rate approved by property owners in 1997. Any future increases in the approved special assessments will require a mail ballot and majority approval from the affected property owners. The CSD tot lot replacement projects have been implemented through the use of the Local Benefit Zones, Landscape and Lighting District funds, remaining CFD bond proceeds, and Development Impact Fees.

MEASURE A (302)

Measure A funds are generated from a one-half percent sales tax applied throughout Riverside County to support transportation projects. These funds are designated for a comprehensive program of roadway and transit improvements, which includes: highway, street, and road construction; maintenance of highways, streets, and roads; capital and operational expenses for bus and light rail services; enhanced transportation services for elderly and handicapped individuals; and transportation-related air quality programs. The original Measure A expired in 2009, but a new measure to renew it for an additional 30 years was placed on the November 2004 ballot. Voters approved the Measure A extension with over 75% support, and it took effect in April 2009. In February 2020, the 2007 Certificate of Participation (COPS) was refinanced through the issuance of the 2020A Lease Revenue Refunding Bonds (2020A LRRB). The original financing, funded the costs associated with the 1997 Project for Murrieta Hot Springs Road. In fiscal year 2024/25, approximately $722,281 in annual Measure A proceeds were budgeted to cover debt service and for the administration of this obligation. In fiscal year 2026/27, an estimated debt service payment of $724,500 is anticipated. A detailed schedule of outstanding debt can be found in the appendices of this Capital Improvement Program (CIP) budget book. The bond is scheduled to reach its maturity date toward the end of the fiscal year 2026/27. The Riverside County Transportation Commission (RCTC) estimates a 2% growth rate year over year.

HIGHWAY USERS TAX ALLOCATION (HUTA) OR “GAS TAX” (306)

The City uses HUTA to not only provide capital improvement to transportation infrastructure but also provide services by the Public Works Maintenance personnel as it relates to street work, traffic signal maintenance, storm drain cleanup, and maintenance. The FY 2025/26 and FY 2026/27 budget includes both personnel and operations and maintenance budgets of the public works department. Initial forecast for FY 2026/27 for the fuel and service stations sector is a three (3%) percent growth rate. City staff estimates that the potential cost increases attributed to labor agreements affecting public works personnel and cost increases associated to on-call consultant will affect future unassigned fund balance available to be allocated for future capital improvement projects. City staff will continue to monitor costs and recommend amending project budgets as necessary

SB1 ROAD MAINTENANCE AND REHABILITATION (307)

The Road Repair and Accountability Act of 2017 (SB1 Beall) “paved” the way (pun intended) for the

implementation and creation of the Road Maintenance and Rehabilitation Account (RMRA). The funds created an additional 12 cent per gallon increase in gasoline excise tax and 20 cent per gallon increase in diesel fuel excise tax effective November 2017. As part of the adoption of SB1, it included an annual inflationary adjustment beginning July 2020. In January 2026, the forecast for the fuel and service stations sector is anticipated to have a three (3%) percent growth rate. City staff estimates that the future costs of construction (labor and materials) will increase and determine the scope of future planned improvements. budgets.

[1] *Fund 128 Freeway and Fund 135 Street DIF was discontinued after the new DIF study was implemented in 2018. New Bridge/Fwy/Street DIF under Fund 138 receiving mostly interest-only revenue.*

[2] *Grant Funds are projections and reimbursable in nature. The City recognizes the revenue during the fiscal year of activity and within the period of performance. Grant budget estimated balance may be carried forward year over year during the period of performance. Interest admin. fees are calculated.*

[3] *Funds 110,111,112,151,171,311 and 726 estimated expenditures show investment and banking fees only and one-time transfers out.*

[4] *Fund 210/LLD 10 is currently receiving subsidy from the General Fund to make up potential budget shortfall.*

[5] *Committed fund balances to CIP and encumbrances at fiscal year-end to be trued-up.*

[6] *DIF revenues are based on estimates, based on historical and current-year activity not the adopted budget, which may include interest*

[7] *The debt-service that is paid out of the Measure A fund is expected to end at the end of Fiscal Year 2026/27.*

UNFUNDED PROJECTS BY CATEGORY

Bridges		
I-15 Overcrossing at Elm Street	$	16,600,000
Design and construct overcrossing and approach ramps.		
I-15 at Murrieta Hot Springs Modification		4,203,310
Modify existing interchange to add capacity to the northbound on-ramp.		
Madison Avenue at Warm Springs Creek		4,620,000
Design and construct bridge over Warm Springs Creek.		
Keller Road at I-215 Interchange		26,702,797
Design and construction of a new interchange at I-215 and Keller Road.		
Calle del Oso Oro at Murrieta Creek		3,000,000
Widen Calle del Oso Oro Bridge at Murrieta Creek.		
Nutmeg Street		9,416,202
Widen appx 480 LF (Lane Feet) along bridge on Calle de OsoOro and construct additional two lane span bridge.		
Total Bridges	**$**	**64,542,309**

Streets & Highways		
Jefferson Avenue	$	6,085,185
Widen 2200 LF on the west side of Lemon Street to Kalmia Street		
Jefferson Avenue		942,681
Widen 350 LF on the east side of Kalmia Street to canal		
Jefferson Avenue		4,955,980
Widen Jefferson Avenue from Ballesteros Road to the northern City boundary to four lanes		
Jefferson Avenue		2,656,896
Widen 900 LF on the east side of Gateway to City Limits		
Jefferson Avenue		3,247,317
Widen 500 LF on the east side of Gateway and 1100 LF on the west side of Gateway		
Washington Avenue		852,124
Widen 700 LF on the east side of Calle de Oso Oro and to add two bike lanes and a sidewalk.		
Washington Avenue		5,711,987
Reconstruct a new two-lane collector of 2,620 LF.		
Washington Avenue		11,339,482
Construct between Elm and Guava at 5280 LF		
Guava Street		5,615,450
1320 LF widening on north side and 820 LF widening on south side Jefferson to Monroe		
Guava Street		9,406,022
Widen 5400 LF Washington to John Wayne		
Adams Avenue		7,228,702
Widen 1300 LF on the west side Brown to Guava and widen 2800 LF on the east side Guava to Hawthorn.		
Ivy Street		1,448,229
Widen 1320 LF on the north side Adams to Washington		
Kalmia Street		5,061,336
Widen/Construct 2640 LF W. City Limits to Washington		
Kalmia Street		1,575,517
Widen 690 LF on the north side Village Walk to Jefferson which includes narrowing travel lanes,relocating the median, and constructing a throughlane and sidewalk.		

Streets & Highways (continued)		
Kalmia Street Widen 2200 LF on the northside of Jefferson to Washington.	$	4,251,995
Lemon Street Widen 2000 LF on the north side of Washington to Hayes.		3,888,071
Nutmeg Street Widen 1700 LF on the south side Washington toAdams and widen 700 LF on the north sideof Adams to Washington.		3,304,861
Monroe Avenue Construct 3800 LF Los Almos to Murrieta Hot Springs Road.		11,604,833
Jackson Avenue Widen 1300 LF on the east side Nutmeg St to Robards.		1,775,505
Whitewood Road Construct 4600 LF Jackson to Murrieta Hot Springs Road.		10,106,723
Vineyard Parkway Construct 2500 LF of Calle Del Oso Oro tofuture Calle Rambla Orienta		5,450,369
McElwain Road Widen 1300 LF on the east side Nutmeg St to Robards.		7,363,300
McElwain Road Construct 650 LF at Linnel Ln on west side.		887,753
Linnel Lane Widen 1100 LF on the north side of I-215.		2,138,439
Whitewood Road Widen 4800 LF on the east side of Hunter to Clinton Keith Road.		9,277,080
Warm Springs Parkway Construct approximately 13600 LF of New Antelope Rd. Clinton Keith to Scott Rd.		37,283,070
Elm Street Construct approximately 2,100 LF from Jefferson Avenue to Monroe Avenue.		5,172,125
Madison Avenue Construct approximately 1,290 LF from Nick Lane to Date Street.		3,177,162
Madison Avenue Construct approximately 700 LF from Golden Gate Circle to Nick Lane.		2,137,732
Madison Avenue Construct approximately 5,830 LF from Murrieta Hot Springs Rd to Golden Gate Cir		5,181,714
Monroe Avenue Construct approximately 4,000 LF from Guava Street to Larchmont.		12,215,613
Murrieta Hot Springs Road Construct approximately 1,320 Madison Ave to Jefferson Ave.		1,935,326
Murrieta Hot Springs Road Construct approximately 1,320 Jefferson Avenue to Adams Ave.		4,975,487
Hayes Avenue Construct approximately 8,000 LF from Kalmia to Guava Street.		13,934,848
Fig Street Construct approximately 2,400 LF from Jefferson Avenue to Monroe Avenue.		6,715,194

Streets & Highways (continued)		
Larchmont Lane	$	5,875,795
Construct approximately 2,100 LF from Jefferson Avenue to Monroe Avenue.		
Porth Road		5,886,399
Construct approximately 2,700 LF from Liberty Road to Clinton Keith Road.		
Liberty Road		2,877,795
Construct approximately 1,320 LF from Porth Road to City Limits.		
Antelope Road		12,192,992
Construct approximately 7,000 LF from Stepp Road to Brian's Way.		
Keller Road		3,331,300
Construct approximately 1,700 LF at I-215 to Menifee Road		
Mitchell Road		5,937,863
Construct approximately 2,300 LF from McElwain to Clinton Keith Road.		
Adams Avenue		4,598,500
Construct approximately 2,640 LF from Lemon Street to Kalmia St.		
Hawthorne Street		2,877,795
Construct approximately 1,320 LF from Adams Avenue to Washington Avenue.		
Ivy Street		3,309,526
Construct approximately 1,900 LF from Washington Avenue to Hayes Avenue.		
Adams Avenue		9,598,588
Construct approximately 9,300 LF from Guava Street to Cherry Avenue.		
Lemon Street		5,132,254
Construct approximately 2,640 LF from Washington Avenue to Cherry Street.		
Vista Murrieta		6,322,428
Construct approximately 2,900 LF from Los Alamos Road to Monroe Avenue.		
Fig Street		1,503,340
Construct approximately 700 LF from Adams Avenue to Jefferson Avenue.		
Los Alamos Road		1,567,670
Construct approximately 900 LF from Via Santee to Ruth Ellen Way.		
Lincoln Avenue		1,741,856
Construct approximately 1,000 LF from Juniper Street to Los Alamos Road.		
Total Streets & Highways	**$**	**291,658,209**

Traffic Signals		
Traffic signal at Jefferson Avenue and Auto Mall Parkway	$	400,000
Install new traffic signal.		
Traffic signal at Monroe Avenue and Sunflower Road		400,000
Install new traffic signal.		
Traffic signal at Whitewood Road and Avenida Acacias		400,000
Install new traffic signal.		
Traffic signal modification at Madison Avenue and Los Alamos Road		445,000
Modification of existing traffic signal and minor street improvements to ad a north-bound right turn pocket.		
Traffic signal at Keller Road and Zieders Road		400,000
Install new traffic signal.		
Traffic signal at Antelope & Baxter		1,249,852
Install new traffic signal.		
Traffic signal at Antelope & Linnel		6,552,512
Install new traffic signal.		
Traffic signal modification at Monroe & Los Alamos		660,353
Modification of existing traffic signal and minor street improvements.		
Traffic signal modification at Jefferson & Murrieta Hot Springs		1,500,616
Modification of existing traffic signal and minor street improvements.		
Traffic signal modification at Washigton & Calle del Oso Oro/Nutmeg		1,360,383
Modification of existing traffic signal and minor street improvements.		
Traffic signal modification at Jefferson & Magnolia		1,373,575
Modification of existing traffic signal and minor street improvements.		
Traffic signal modification at Jefferson & Kalmia		1,360,383
Modification of existing traffic signal and minor street improvements.		
Traffic signal modification at Monroe & Murrieta Hot Springs		1,765,657
Modification of existing traffic signal and minor street improvements.		
Traffic signal modification at Whitewood Road & Murrieta Hot Springs Rd.		1,363,557
Modification of existing traffic signal and minor street improvements.		
Traffic signal at Adams & Guava		2,122,198
Install new traffic signal.		
Traffic signal at Washington & Lemon		857,948
Modification of existing traffic signal and minor street improvements.		
Traffic signal modification at Jackson & Nutmeg		428,974
Modification of existing traffic signal and minor street improvements.		
Traffic signal at Adams & Ivy		643,461
Install new traffic signal.		
Traffic signal modification at Jefferson & Elm		235,936
Modification of existing traffic signal and minor street improvements.		
Traffic signal at Hayes & De Luz/Guava		1,263,543
Install new traffic signal.		
Traffic signal at Madison Avenue and Elm		2,022,184
Install new traffic signal.		
Traffic signal at Linnel & McElwain		1,829,789
Install new traffic signal.		

Traffic Signals (continued)

Traffic signal modification at Jefferson & Fig		249,019
Modification of existing traffic signal and minor street improvements.		
Traffic signal modification at Madison Avenue and Fig		2,225,518
Install new traffic signal.		
Traffic signal modification at Jefferson & Centerpointe		150,516
Modification of existing traffic signal and minor street improvements.		
Total Traffic Signals	**$**	**31,260,974**

Storm Drains

Line F at Murrieta Creek	$	6,336,907
Construct the ultimate channel for line F from west of Washington Avenue to Murrieta Creek.		
Downtown Hydro-Modification		500,000
Construct regional drainage facilities to address hydro-modification requirements for development in the downtown district.		
City Wide Open Channel Annual Maintenance		750,000
Establish an open channel maintenance program.		
Line D		3,038,034
Construct Storm Drainage Line D.		
Line L		1,057,543
Construct Storm Drainage Line L.		
Line L-1		87,594
Construct Storm Drainage Line L-1.		
Line M		257,086
Construct Storm Drainage Line M.		
Line L-1		138,869
Construct Storm Drainage Line L-1.		
Line N		754,167
Construct Storm Drainage Line N.		
N/O Larchmont, Jefferson to Murrieta Creek		508,475
Construct storm drainage at Larchmont, Jefferson to Murrieta Creek.		
N/O Fuex Wa, Jefferson to Murrieta Creek		257,086
Construct storm drainage at Fuex Wa, Jefferson to Murrieta Creek.		
Line, Kalmia St. Historic Murrieta Area		80,614
Construct storm drainage at Kalmia St. at Historic Murrieta Area.		
Line, B St. Historic Murrieta Area		63,595
Construct storm drainage at B St. at Historic Murrieta Area.		
Line, Jefferson St. Historic Murrieta Area		47,144
Construct storm drainage at Jefferson St. at Historic Murrieta Area.		
Line, Adams Ave. Historic Murrieta Area		88,307
Construct storm drainage at Adams Ave. at Historic Murrieta Area.		
Line, New Clay St. Historic Murrieta Area		81,969
Construct storm drainage at New Clay St. at Historic Murrieta Area.		
Storm Drainage Master Plan		217,050
Establish and Update the Storm Drainage Master Plan.		

Storm Drains (continued)		
Guava: Jefferson to Murrieta Creek Rd		90,466
Construct storm drainage at Guava St. from Jefferson to Murrieta Creek Rd.		
Line E		32,438
Construct storm drainage at Line E.		
Murrieta Creek Design		968,380
Initiate and Update the Murrieta Creek Design.		
Storm Drain DIF Nexus Study		2,127
Update the Storm Drain DIF Nexus Study.		
Line F at Murrieta Creek		842,155
Construct storm drainage at Line F.		
Line G		1,913,102
Construct storm drainage at Line G.		
Murrieta Creek Flood Control Channel		4,341,007
Establish the Murrieta Creek Flood Control Channel.		
Total Storm Drains	**$**	**22,454,115**

Buildings		
Community Room Addition	$	1,750,000
Construct a 6,700 square-foot room addition for the Community Center.		
Downtown Public Parking Structure		16,000,000
Construct public parking structure, to service the Downtown District.		
Police Station Expansion		7,204,380
Construct additional office space and a sally port protection area.		
Murrieta Youth Center Phase 2 Design		10,300,000
Phase 2 design of the Youth Center is to include classrooms, office space, indoor gym and assocated features.		
Murrieta Regional Public Safety Training Center		30,000,000
Public safety regional training center for Police and Fire.		
City Corporate Yard		5,810,000
Design and construct a 33,000 sq. ft. building to support operation and maintainance activities.		
Police Department Office Updates		200,000
Remodel ten existing work offices in the police department building		
Fire Station #5 at Vineyard Parkway		7,968,000
Construct new permanent fire station on Vineyard Parkway serving northwest portion of City.		
Fire Station #6 East of City Limits		20,219,074
Construct new permanent fire station serving the eastern portion of City.		
Fire Station #1 Improvements Project		1,500,000
The project consists of renovating existing dorm rooms and restrooms.		
Fire Station #3 Improvements Project		1,200,000
The project consists of renovating restrooms and expand premises for added dorm room.		
Total Buildings	**$**	**102,151,454**

Parks		
Alderwood Park Splash Pad	$	1,125,000
To design a splash pad in open turf area at Alderwood Park.		
California Oaks Sports Park Pool Replacement-to be determined		19,536,742
To renovate existing pool including demo and replace decking.		
Second Avenue Park (Working drawings and construction)		8,000,000
Additional funds needed for working drawings and construction.		
Los Alamos Hills Sports Park Phase II		25,000,000
Construction phase of Los Alamos Hills Sports Park.		
Veteran's Memorial at Town Square Park		3,651,584
Construct the remaining three walls.		
Los Alamos Hills Sports Park and Torrey Pines Park Synthetic Turf Replacement		1,452,408
Replace Football field #2 and Soccer field #2 at Los Alamos Hills Sports Park and Baseball Field at Torrey Pines Park.		
Pioneer Park Phase 2		3,393,963
The project is to design and construct the Pioneer Park parcel reflecting the updated Parks and Recreation Master Plan.		
Town Square Enhancements		795,000
Tie together the city facilities and tenet buildings at Town Square.		

UNFUNDED PROJECTS BY CATEGORY

Mapleton Rehabilitation Project		889,860
To address multiple projects including, but not limited to, a new tot-lot, shade elements, the basketball court, drainage, etc.		
Murrieta Creek Regional Trail		4,650,000
Multiple miles of open space spanning between the Temecula and Wildomar borders.		
Total Parks	**$**	**68,494,557**

Other Improvements		
Water Conservation Projects	$	3,500,000
Replace landscapes with water-wise material.		
ADA Transition Plan and Priority Projects- to be determined		314,706
Project consists of current & future ADA Transition Plan priority projects to be determined.		
North Murrieta Technology Corridor Master Plan		150,000
Preparation of a master plan to implement the General Plan.		
Historic Downtown Specific Plan Update		250,000
Preparation of the Historic Downtown Specific Plan Update.		
Fire Technology- EOC Split Screen Monitors		250,000
Purchase four (4) split screen monitors for the EOC.		
Fire Technology- Traffic Preemption System		360,000
Purchase traffic preemption system.		
Fire Technology- GPS Firefighter Accountability Sysytem		500,000
Purchase GPS Firefighter/Personnel Accountability Sysytem.		
Fire Fleet- Wildland Hose Trailer		966,000
Purchase Wildland Hose Trailer.		
Fire Fleet- Update Mobile Command Truck		100,000
Update the Mobile Command Truck.		
Fire Fleet- Replace #5 Type I Fire Truck		1,400,000
Replace #5 Type I Fire Truck.		
Fire Fleet- Replace #2 Type III Fire Truck		601,000
Replace #2 Type III Fire Truck.		
Fire Fleet- replace Mechanic Shop Truck		111,240
Replace Fire Mechanic Shop Truck.		
Fire Fleet- Type III Fire Truck		601,000
Replace Type III Fire Truck.		
EMS Defibrillators Project		270,000
Replace nine (9) defibrillators equipment units over 3 years.		
EMS Auto Pulse Replacement Project		144,000
Replace nine (9) aging Auto Pulse EMS equipment sets.		
Medic Patrol (3)		180,000
purchasing a replacement medic patrol and associated equipment for upfitting to replace a 20-year-old unit		
Total Miscellaneous	**$**	**9,697,946**

TOTAL UNFUNDED	**$ 590,259,564**

**This table potentially contains more unfunded projects than the Capital Improvement Projects by Category and is updated annually.*

**Updated by the different City divisions to show Total Cost as part of the proposed Final Draft of the 2023 DIF Study Report .*

**Cost estimates include contingencies as part of the initial estimates.*

PARAMETERS FOR BUDGET COST ESTIMATES

P100 Design Costs ..... 15% of construction costs
Includes: ..... Design engineering
Includes: ..... Soils testing
Includes: ..... Surveying/inspection
Includes: ..... Environmental studies

P200 Acquisition ..... Actual costs

P250 Technology Acquisition ..... Actual costs

P300 Permit Costs ..... 10% of design costs

P400 Administrative/Miscellaneous Costs ..... 10% of construction costs

P450 PW Inspection Costs ..... 5% of construction costs

P500 Construction ..... Estimated on a square footage basis
..... Paving - $8 per square foot
..... Office Buildings - $127 per square foot
..... Fire Stations - $147 per square foot
..... Library - $137 per square foot

P600 Construction Contingency ..... 15% of construction costs

P700 Non-Construction Contingency ..... 10% of non-construction costs

These parameters are used as guidelines for estimating CIP project budgets, however, some projects may have specific estimates that differ from these parameters.

Project Page Breakdown

The following is an example project page summary. This summary outlines the project's scope, current status, cost to complete, additional funds being requested, project location, and the funding status.

Capital Improvement Plan Project Details

Project #	9999
Title	Murrieta Road Construction - Example
Category	Streets & Highways
Department	Engineering
Asset Class	Capital Asset

Project Description:

Design and construction of full width improvements to Murrieta Road from two to four lanes.

Project Status: Plans are 70% complete. Construction is currently unfunded.

Project Sources and Uses		Inception to Date Budget	Balance Remaining	2017-18	2018-19	2019-20	2020-21	2021-22	Future Years	Total Project Cost

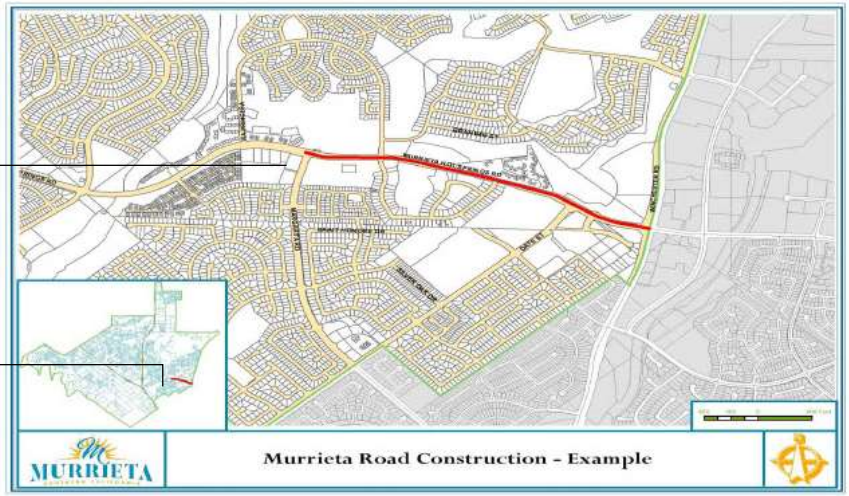
Total Project Uses		2,030,000	1,733,500	300,000	-	-	-	-	1,500,000	3,830,000



Amount of the Inception to Date Budget that has not been spent.

Amount of funds that have been approved to spend since the beginning of the project (cumulative).

The "N/A" funding source represents the additional funds needed to complete the project.

Budgeted funds are broken down into expenditure categories for planning purposes.

The Project map gives readers the location of the project.

The mini map gives readers a visual reference as to where the project is within the City limits.

Additional funds to be added to the project's budget in the next five years.

Additional funds to be added to the project's budget in years beyond the five-year plan.

Total Project Cost represents the amount it will take to bring the project to completion. It is comprised of previously budgeted funds (Inception to Date Budget), the amounts requested in the next five years, and the Future Years.

The Funding Sources section shows where the money is coming from. The Project Uses section shows how that money will be spent throughout the project's life.

The City continues to invest in modern financial management tools that improve the development, presentation, and transparency of its annual budget and Capital Improvement Plan (CIP). Building upon the City's existing digital budget and financial reporting platforms, a new capital budgeting solution is being implemented to better integrate project planning, budgeting, historical data, and long-term capital planning into a single, streamlined process.

As part of this transition, the detailed CIP Project Worksheets that have historically been included in the budget document are not included in the FY 2026/27 Capital Improvement Plan. Once implementation is complete, these worksheets will be available through the City's online budget and financial reporting resources, providing enhanced project information, improved reporting capabilities, and a more accessible user experience.

The implementation is expected to be completed by September 2026, at which time the Project Worksheets will be available on the City's Budget Management webpage.

GLOSSARY OF TERMS

ABATEMENT – Abatement usually applies to tax levies, special assessments, and service charges.

ACCOUNTING SYSTEM -The methods and records established to identify, assemble, analyze, classify, record, and report a government's transactions and to maintain accountability for the related assets and liabilities.

ADOPTION - Formal action by the City Council that sets the spending limits for the fiscal year.

APPROPRIATION - A legal authorization granted by the City Council to make expenditures and incur obligations for specific purposes.

AMERICANS WITH DISABILITIES ACT OF 1990 (ADA) – A comprehensive Federal civil-rights statute protecting the rights of people with disabilities. It affects access to employment; state and local government programs and services; access to places of public accommodations such as businesses, transportation, and non-profit service providers; and telecommunications.

ASSESSMENT DISTRICT – A separate local government agency formed to provide specific local public improvements that directly benefit District members.

BUDGET – A plan of financial operation embodying an estimate of proposed expenditures for a given period and the proposed means of financing them. Used without any modifier, the term usually indicates a financial plan for a fiscal year.

BUDGETARY CONTROL – The control or management of a government or enterprise in accordance with an approved budget for the purpose of keeping expenditures within the limitations of available appropriations and revenues.

CALIFORNIA SOCIETY OF MUNICIPAL FINANCE OFFICERS (CSMFO) – An independent organization that promotes professional administration of government finance and to strive for the attainment of professional status of all those responsible for the conduct of the activities of the field (CSMFO, August 2023.). The City of Murrieta holds an active CSMFO membership and participates in its awards and professional development programs.

CAPITAL IMPROVEMENT – Construction or major repair of City buildings and facilities such as streets, roads, highways, bridges, curbs, gutters, sidewalks, storm drains, traffic signals, streetlights and parks.

CAPITAL IMPROVEMENT PLAN (CIP) – Annual appropriations in the City's budget for capital purposes such as street improvements, building construction, and park improvements.

CAPITAL EXPENDITURES – Expenditures result in the acquisition of or addition to the government's general fixed assets having a unit of cost of at least $5,000 and a useful life of one year or more.

CAPITAL OUTLAY – Expenditures that qualify as capital costs according to accounting standards. This includes furniture, fixtures, equipment, and other relatively minor fixed assets.

CAPITAL PROJECT – A specific undertaking involving the procurement, design, permitting, construction or installation of facilities and related equipment which improves, preserves, enhances or modernizes the City's provision of municipal services, has a long-term useful life, and for which costs exceed $25,000.

CARRYOVER/CARRYFORWARD FUNDS– Carryover/carryforward funds are previously appropriated, unexpended balances at the end of the fiscal year to complete a program, project or activity.

CERTIFICATE OF PARTICIPATION (COP) – Financing in which an investor buys a share of the lease revenues of a project rather than the bond being secured by those revenues. The issuing authority usually uses the proceeds to construct a facility that is leased to the municipality, releasing the municipality from restrictions on the amount of debt they can incur.

CIRCULATION ELEMENT – The circulation element is part of the general plan and sets forth a comprehensive strategy for planning, developing, and maintaining a citywide transportation system, including the creation of new transportation corridors, to serve existing and planned land uses.

COMMUNITY FACILITIES DISTRICT (CFD) – A district where a special levy is collected to provide services and maintenance of improvements within the district.

CONSTRUCTION ENGINEERING – Engineering work during the construction process that ensures projects are constructed in accordance with design parameters and specifications. The primary functions are construction inspection, laboratory services, field surveys and design plan update or interpretation.

CONTINGENCY – A budgetary reserve set-aside for emergency or unanticipated expenditures.

CONTRACTUAL SERVICES – Contracts for professional services

DEBT SERVICE – Cash required in a given period for payments of interest and current maturities of principal on outstanding debt.

DIAMOND LANE – A lane of traffic designated specifically for high occupancy vehicles.

ENCUMBRANCES – An amount of money committed for the payment of goods and services not yet received or paid for.

EXPENDITURES – The actual payment for goods and services.

ENHANCED GEOMETRICS – The design of street intersections to accommodate additional turn lanes, larger curb radius for truck turning movements, longer turn pockets for large traffic volumes and modified traffic signals to accommodate the additional lanes and dimensions of the intersection.

EMINENT DOMAIN – The right of a government entity to seize private property for the purpose of constructing a public facility. Federal, state, and local governments can seize people's homes under eminent domain laws as long as the homeowner is compensated at fair market value. The City of Murrieta adopted an Eminent Domain Policy in October 2004 which sets forth the criteria and procedures for the acquisition of property for public purposes.

ENVIRONMENTAL IMPACT REPORT (EIR)– A study of all the factors which a land development or construction project would have on the environment in the area, including population, traffic, schools, fire protection, endangered species, archeological artifacts and community beauty.

ENTERPRISE RESOURCE PLANNING (ERP) SYSTEM– A network of software systems used by an organization to integrate the core operations of the business. The system may include Finance, Human Resources, Payroll, Utility Billing, Computer Aided Dispatch (CAD), Planning and Development Services, Business License and General Government Services.

ENERGY EFFICIENCY AND CONSERVATION BLOCK GRANT (EECBG) is a U.S. Department of Energy-sponsored grant designed to assist states, local governments, and Tribes in implementing strategies to reduce

energy use, fossil fuel emissions, and energy efficiency.

FISCAL YEAR—The period designated by the City, signifying the beginning and ending periods for recording financial transactions. The City of Murrieta's fiscal year is July 1 through June 30.

FUND – An accounting entity with a set of self-balancing accounts recording revenues and expenditures and transactions for specific activities.

FUND BALANCE – The difference between assets (revenues and other resources) and liabilities (expenditures incurred or committed to) for a particular fund.

GASB 34 – Governmental Accounting Standards Board Statement 34 establishes new requirements for the annual financial reports of state and local governments. The Statement was developed to make annual reports easier to understand and more useful to the people who use governmental financial information to make decisions. Murrieta implemented GASB 34 in Fiscal Year 2002-2003

GENERAL FUND – Accounts for taxes and other General Fund revenues (i.e. sales taxes, property taxes, fines and forfeitures, investment income, etc.) and records the transactions of general governmental services.

GENERAL PLAN – A plan of a city, county or area which establishes zones for different types of development, uses, traffic patterns and future development.

GOVERNMENT FINANCE OFFICERS ASSOCIATION OF THE UNITED STATES AND CANADA (GFOA) – An independent corporation organized as an Illinois not-for-profit corporation for charitable, educational, scientific, and research purposes and recognized within Section 501(c) (3) of the Internal Revenue Code of 1986 (GFOA, 2022). GFOA is a national organization that promotes advocacy, best practices and various professional education opportunities for government finance professionals. The City of Murrieta holds an active GFOA membership and participates in its professional awards and development programs.

GRANTS – Contributions or gifts of cash or other assets from another government to be used or expended for a specified purpose.

LANDSCAPE AND LIGHTING DISTRICT (LLD) – A district where a special levy is collected to provide services and maintenance of lighting and landscaping within dedicated right-of-way and easements within the district.

LIGHT EMITTING DIODE (LED) – An energy efficient lighting alternative that is used to replace existing traffic signal indicators.

MASTER PLAN – A comprehensive master development plan that identifies the distribution, location, and extent of land uses within a development site and identifies regulations and criteria for the development site.

MITIGATION – The measures to avoid or substantially reduce a project's impact on the environment.

OPERATIONS & MAINTENANCE – Supplies and other materials used in the normal operations of City departments. Includes items such as office supplies, maintenance materials and contractual services.

PUBLIC FACILITIES DISTRICT – A municipal corporation, an independent public authority, created to build major facilities.

RANCHO CALIFORNIA WATER DISTRICT (RCWD) – An independent Special District organized on August 16, 1965 operating pursuant to the California Water District Law, Division 13 of the California Water Code (Rancho California Water District, n.d.). The City of Murrieta entered into a reimbursement agreement with RCWD in October 2021 related to design costs in connecting to RCWD's recycled water distribution facilities.

RIVERSIDE COUNTY FLOOD CONTROL AND WATER CONSERVATION DISTRICT (RCFCD) – An independent District organized on July 7, 1945, by Act 6642 of the California State Legislature. The District was formed as an entity charged with keeping Riverside County safe from flood hazard (Riverside County Flood Control & Water Conservation District, n.d.). The City of Murrieta works with RCFCD related to storm-drain and flood control-related capital projects.

REQUEST FOR PROPOSAL (RFP) – A Request for Proposals (RFP) is a solicitation document issued through a competitive procurement process. It is used to invite suppliers to submit proposals for commodities such as goods, and services. The selection process is based on the evaluation of specific criteria, which often includes price (National Institute of Governmental Purchasing, 2020).

RESOURCES – Total amounts available for appropriation, including estimated revenues, fund transfers, and beginning balances.

REVENUES – The yield of taxes and other sources of income that a governmental unit collects and receives for public use.

RIGHT-OF-WAY ACQUISITION – A property acquired by the City that is needed for the City's current or future infrastructure.

SPECIFIC PLAN – A systematic implementation of the General Plan for specific areas or projects.

SURFACE TREATMENT – A layer of slurry seal (i.e. asphalt) placed atop the road surface which seals cracks and fissures. The City's road maintenance program calls for surface treatment every seven years.

RESOLUTION PC 2026-XX

A RESOLUTION OF THE PLANNING COMMISSION OF THE CITY OF MURRIETA, CALIFORNIA, MAKING A FINDING TO THE CITY COUNCIL THAT THE NEW PROPOSED ADDITIONS TO THE CAPITAL IMPROVEMENT PLAN FOR FISCAL YEARS 2026/27 THROUGH 2030/31 IS IN CONFORMANCE WITH THE CITY OF MURRIETA GENERAL PLAN 2035

WHEREAS, Government Code Section 65401 requires the city planning agency to review and report as to the conformity of capital projects with the adopted general plan; and

WHEREAS, the City of Murrieta's Capital Improvement Plan provides designated funding for planned public improvement projects and master plans for the City to continue to maintain public infrastructure and fulfill community and Economic Development objectives; and

WHEREAS, the Planning Commission of the City of Murrieta reviewed the proposed additions to the Capital Improvement Plan for Fiscal Years 2026/27 through 2030/31 as identified in Exhibit "A", for consistency with the goals and policies implementing the City of Murrieta General Plan 2035 ("Proposed Project"); and

WHEREAS, on May 27, 2026, at a regular meeting of the Planning Commission, the Planning Commission considered all public comments, received both before and during the public meeting, the staff report, the staff presentation, and all other pertinent documents regarding the Proposed Project.

NOW, THEREFORE, THE PLANNING COMMISSION OF THE CITY OF MURRIETA, CALIFORNIA DOES HEREBY RESOLVE AS FOLLOWS:

1. That the Proposed Project, the proposed additions to the Capital Improvement Plan FY 2026/27-2030/31 (Exhibit "A"), is in conformance with the City of Murrieta General Plan 2035, as identified by the applicable General Plan 2035 policies identified in Exhibit "B".

2. That the Proposed Project supports the goals and policies of the City of Murrieta General Plan 2035 as identified in Exhibit B.

3. That the Proposed Project is not a "project" as defined in CEQA Guidelines Section 15378 because it involves citywide budget allocations which, on its own accord, will not cause significant environmental impact. As such, this activity is not subject to CEQA pursuant to Section 15060(c)(3). This determination is predicated on Section 15004 of the guidelines, which provides direction to lead agencies on the appropriate timing for environmental review. The projects for which this budget is intended may require the preparation of an environmental document in accordance with State CEQA Guidelines.

PASSED AND ADOPTED this 27th day of May, 2026.

City of Murrieta
Public Works Capital Improvement Project
Procedures Manual

Implementing a Capital Improvement Project consists of the following five phases:

A. Planning
B. Design
C. Bidding
D. Post Award
E. Construction Management/Inspection

A. PLANNING

The City annually adopts a 5 year Capital Improvement Program, which includes projects that are funded (fully or partially, category A & B). The more effort that is expended in planning a project will minimize project cost increases and conflicts with other agencies' or developers' projects. The CIP document should include the following for each project identified:

1. The project should be described as specifically as possible including preparation of a vicinity map that graphically depicts the project scope.

2. Identify the purpose and benefits of each project as well as the proposed fiscal year schedule for implementation.

3. The construction cost estimate.

4. The cost for design.

5. Right of way requirements (if necessary).

6. Other agency permit requirements (if necessary).

7. Planning for new City facilities shall include needs assessment/space planning studies to determine the size of facility required. City facilities should be designed to accommodate the needs of the City at buildout of the community.

8. Identify the future maintenance and operations cost for the project.

9. Identify funding sources available for this project, if only partial funding is currently available, a statement to that effect should be made.

10. A 25% contingency should be added to the total estimated cost (15% for construction costs and 10% for non-construction costs).

11. Obtain City Council approval of the CIP.

12. Submit a City of Murrieta Capital Project Information Sheet to Finance Department for budgeting purposes (see attached).

B. DESIGN

When a project has been budgeted, the following steps should be taken to implement the project:

1. Create a master project file that can be subdivided into sections associated with general correspondences, professional services contracts, utility coordination documents, and construction contract administration information including RFI's, change orders, etc. (on Federal or State project, use Caltrans file system).

2. When outside professional services are needed, prepare an RFP (Request for Proposal/Qualifications) and solicit proposals in accordance with APWA procedures (qualification based), select a consultant, negotiate a fee, and obtain City Council approval to award a professional services contract for fee greater than $25,000.

3. With the design team established, hold regularly scheduled Project Development Team meetings that include the primary stake holders (establish design schedule).

4. Submit project description and preliminary plans to Planning Department for input on environmental review and CEQA compliance.

5. Send letters to all utility companies describing the project (including plans, if available) and request that they provide plans of their facilities that may create a conflict with the project (keep all letters and responses in the master project file).

6. Identify right of way needs and prepare necessary appraisals, plats, and legal descriptions; make offers and enter into right of way agreements with affected properties (obtain all necessary right of way prior to advertising for bids).

7. Identify any permits from other agencies that must be acquired for the project, i.e. U.S. Army Corps of Engineers, Dept. of Fish and Wildlife,

State of CA Dept. of Fish and Game, Regional Water Quality Control Board, Caltrans, Riverside County Flood Control District.

8. Pothole all potential utility conflicts and show elevations on the plans.

9. Establish internal QA/QC review, independent of the design consultant to insure completeness of the plans and specifications. Plans should be routed to Inspection (Ken Burris), Maintenance (Mike Brooks) and Community Services Department (Bob Kast) to provide constructability review.

10. Prepare complete plans, bid specifications and engineer's construction cost estimate.

11. On community sensitive projects (as determined by the Director of Public Works), conduct outreach program in advance of project implementation.

C. BIDDING PROCEDURES

1. Order duplication of plans and specifications in sufficient quantities for bidding purposes.

2. Advertise the project in local publications.

3. Receive the bids (typically Thursdays at 2 pm) and verify the accuracy of the bid proposal and identify lowest responsible bidder.

4. Verify the following support documents are in order:

   - 10% Bid Bond
   - Subcontractors List
   - Statement of Technical Availability & Experience
   - Bidders Statement of Past Disqualifications
   - The Non-Collusion Affidavit
   - Other forms unique to the project

5. Obtain City Council approval to award the project to the lowest responsible bidder.

6. Execute contract.

D. POST AWARD

1. Verify the following support documents are in order:

- Labor Material Bond
- Performance Bond
- Maintenance Bond
- Insurance Endorsements and Certifications

2. Coordinate with Utility Companies:
   - Meet with all utility companies that will be responsible for relocating their own lines and/or equipment.

3. Photograph and Videotape the Site:
   - Take pre-construction photos.

4. Pre-Construction Conference:
   - Arrange a pre-construction meeting. Invite project stakeholders, utilities, and address all concerns. Review contract administration items.

5. Mobilize Field Office:
   - A field trailer is to be provided if necessary.

6. Pre-Construction Submittal Review:
   - Review the contractor's submittals of project schedule, SWPPP, haul routes, permits, notices, etc.

E. CONSTRUCTION MANAGEMENT/INSPECTION

1. Weekly Progress and Schedule Meetings:
   - Conduct meetings to discuss the schedule, change orders, new issues, submittal status, requests for information (RFI's), safety, deficiencies, etc.

2. Deficiency Log:
   - Maintain a log of all items of work that do not comply with the contract documents. Notify the contractor when contract requirements are not being met with a recommended course of action.

3. Process Submittals:
   - Review all submittals (shop drawings, samples, mix designs, etc.) for completeness and constructability.

4. Track Quantities:
   - Track quantities of completed work for payment. Track "force account" (time and materials) work.

5. Process Requests for Information:
   - Answer the Contractor's RFI's.

6. Review Contract Change Orders (CCO's):
   - Review CCO's requested by the Contractor. Recommend needed CCO's. Write CCO's in accordance with policy adopted by City Council on May 15, 2001. Any CCO's that exceed the 10% level of 15% construction contingency must be brought before the City Council in a public meeting for review.

7. Weekly Statement of Working Days:
   - Issue Weekly Statement of Working (or Calendar) Days, showing days remaining, rain days, etc.

8. Environmental Compliance:
   - Monitor for compliance with the applicable environmental regulations and contract requirements, such as SWPPP, follow City Best Management Practices (BMP's).

9. Labor Compliance:
   - Monitor for compliance with the applicable labor laws and contract requirements, such as prevailing wage requirements.

10. Progress Payments:
    - Review contractor's payment requests, verify completed quantities.

11. Project Documentation:
    - Maintain filing system for organizing and tracking all project documentation, including correspondence, submittals, progress payments, material testing, daily reports, and pictures.

12. Grant Documentation:
    - For projects with grant funding, process appropriate documentation and invoicing.

13. Project Schedule:
    - Review the contractor's baseline, monthly, and "look-ahead" submittals. Notify all parties of deviations from the schedule.

14. Public Relations:
    - Answer questions from the public about the project. Participate in public meetings.

15. Project Coordination:

- Coordinate with utility companies, stakeholders, and other governing agencies.

16. Progress Photos:
    - Continue taking pictures to document the contractor's progress and any problems. Videotape when necessary.

17. Materials Testing:
    - Oversight of materials tested for compliance with the contract documents. Receive and file required Certificates of Compliance and truck tickets. Testing to be performed in accordance with the City's Quality Assurance Program.

18. Public Relations:
    - Oversee the contractor's compliance with noise level, dust mitigation, and working hour requirements of the contract.

19. Final Inspection:
    - Conduct a final inspection/walk through. Issue a preliminary and a final punch list, with a schedule for punch list completion. Obtain final sign off of required permits.

20. Notice of Completion:
    - File the Notice of Completion.

21. "As-Built" Drawings:
    - Review Contractor's red line drawings, submit them to the designer for As-Built drawings

22. Final Payment Request, Certificate of Completion, Project Report:
    - Process the Contractor's final payment request for City Council approval and a Project Final Report (summary). Certify work completion.

23. Dispute Resolution:
    - Provide assistance in resolving any outstanding disputes. This includes claims documentations, negotiations, and litigation support.

24. Project Files:
    - Finalize all project files including photographs.

25. Project Closeout:
    - The Project Manager shall provide notification to Finance Department when all project costs/invoices have been received and

processed for payment. Notification shall be provided to Erin Kunkle via email.

- Erin Kunkle will verify that all invoices have been paid, close out the purchase orders and forward the email to Teri Cardoza who will close out the budget and inactivate the project accounts.

Basis of Budgeting

As part of the adopted FY 2023/24-2024/25 Biennial Budget

The basis of budgeting refers to how revenues and expenditures are recognized in a budget. The City of Murrieta uses the same basis for accounting as is followed for budgeting. A modified accrual basis is used for governmental and fiduciary funds. Under this method, revenues are recognized only when they become measurable and available. Revenue is measurable when the transaction amount is determinable, and it is available when it is collectible in a manner that allows it to be used to pay for liabilities in the current period. Governments typically define an availability period for revenue recognition, and the City considers revenues related to a specific fiscal year available if they are collected within 60 days after that fiscal year's end. Sixty days is a standard revenue recognition period. Expenditures are typically recorded when the liability is incurred, except for debt service expenditures, which are recorded when payment is due. On the other hand, the proprietary funds, including the enterprise and internal service funds, use an accrual basis. Under this method, revenues are recognized when earned, and expenses are recognized when the related liability is incurred.

An Annual Operating Budget is adopted for all Governmental Funds except for the Capital Projects Funds, in which effective budgetary control is achieved on a project-by-project basis when funding sources become available. Each fund has an appropriated budget and is prepared on a detailed line-item basis. All funds are appropriated by the City Council, and appropriations lapse at year-end, except those for the Capital Projects Fund. The City Council appropriations for capital projects continue until completion of the project.

FOCUS AREA - TOWN SQUARE

CITY MANAGER COMMENTS
City Manager Justin Clifton provided opening comments on the expectations and goals of the Special Workshop and how the feedback will provide staff direction. City Manager Clifton also noted that this Workshop is intended to be a broader picture and overview rather than detailed plan with specifics intended to guide staff in the top priorities and gather more information for a future Workshop.

City Manager Clifton noted this will return in six months with an update.

PUBLIC COMMENTS - AGENDIZED ITEMS ONLY

Kassen Klein:	Spoke on the City Council's decorum at City Council meetings.
Alan Long:	Spoke on the City's branding and identity when pursuing the priority projects.

WORKSHOP

WS1. Status Update and Discussion on City Council Priorities

City Manager Clifton provided an overview of the City Council priorities Tiers 1 through 3 and introduced Assistant City Manager Kristen Crane who would provide the presentation of the City Council priorities.

Assistant City Manager Crane presented and displayed a list of completed priority projects from Tiers 1 through 3 which included the:

- Amphitheater parking lot;
- Sidewalk vendor policy;
- Town hall meeting regarding changes in California Housing Law;
- City Hall roof replacement;
- Glen Arbor Dog Park;
- 6th Code Update;
- Tot lot replacement;
- Police Department building improvements;
- City HVAC replacement;
- Equestrian evacuation guidelines;
- Hawk Ranch;
- Champions for Murrieta program; and
- Recommended removal of Loan program for water/sewer connections due to lack of interest on this item.

Assistant City Manager Crane reviewed and displayed City Council priorities for the Tier 1 large-scale projects, as listed on the agenda report, highlighting milestones, status, and next steps.

The following staff members were available to answer questions from the City Council:

- City Manager Clifton answered questions related to potential annexation for Fire Station No. 6 and the Los Alamos Soccer Complex
- Fire Chief Bernard Molloy was available to answer questions regarding Fire Station No. 6
- Finance Director Javier Carcamo was available to answer questions regarding the revenue from the public safety Community Financing District (CFD) tax; and
- Deputy Development Services Director Jarrett Ramaiya was available to answer questions regarding the Los Alamos Soccer Complex's grading permit.

The City Council recessed at 9:40 a.m.

The City Council reconvened at 9:48 a.m.

WS1. Status Update and Discussion on City Council Priorities *(Continued)*

Assistant City Manager Crane continued to review and display City Council priorities for the Tier 1 large-scale projects and reviewed the small-scale projects, as listed on the agenda report, highlighting milestones, status, and next steps.

Development Services Director David Chantarangsu was available to answer questions regarding the General Plan clean up, design guidelines, and process improvements, City Engineer Jeff Hitch was available to answer questions regarding the drainage improvements project and trash interceptors, and Municipal Services Director Brian Crawford was available to answer questions regarding tot stop replacements throughout the City.

Public Comment:

Kassen Klein: Provided a handout and spoke on the Los Alamos Soccer Complex, Keller Road Interchange, General Plan clean up, and the Equestrian Center.

The City Council recessed at 10:41 a.m.

The City Council reconvened at 10:48 a.m.

WS1. Status Update and Discussion on City Council Priorities *(Continued)*

Assistant City Manager Crane moved on to review and display City Council priorities for Tier 2 and 3 large-scale and small-scale projects, as listed on the agenda report, highlighting milestones, status, next steps, and suggestions of shifting priorities.

Public Comment:

Kassen Klein: Spoke on code enforcement revisions, the Madison Avenue corridor, and the water infrastructure.

City Manager Clifton provided an overview and introduction of the Capital Improvement Projects (CIP) list, stating that this list represents staff analysis of what is important to the City Council and the community members.

Assistant City Manager Crane presented the list of CIPs.

City Engineer Jeff Hitch was available to answer City Council questions regarding the LED lighted crosswalks funding, I-215 and Clinton Keith record of survey, and projects set to be completed by the end of June 2026.

Public Comment:

Kassen Klein: Spoke on identifying funding sources for CIP projects.

The City Council recessed at 11:45 a.m.

The City Council reconvened at 12:30 p.m.

WS1. Status Update and Discussion on City Council Priorities *(Continued)*

The City Council reviewed the possible next priorities they would like to bring forward or shift in Tiers.

City Manager Clifton answered questions regarding the Municipal Service building and the Public Safety training facility, Police Chief Henry was available to answer questions regarding the Police Department expansion, Municipal Services Director Crawford was available to answer questions regarding the Cal Oaks Sports Park pool, Fire Chief Molloy was available to answer questions regarding the training tower, Community Services Director Brian Ambrose was available to answer questions regarding historic buildings and the Equestrian center, and Development Services Director Chantarangsu was available to answer questions regarding design standards from the City Council.

Based on consensus the City Council provided direction on the following:

- Warm Springs Parkway CIP shifted from Tier 2 to Tier 1;
- Westside Park land acquisition added as a Tier 1 project;
- Fire Station No. 6 remains a high priority;
- Revitalization of the Cal Oaks Sports Park pool as a Tier 1 project;
- Ad Hoc Subcommittee for a 2028 Ballot Measure;
- Public Arts Program shifted from Tier 3 to Tier 2;
- Maintenance of the Equestrian Center as a high priority;
- Municipal Services building as a high priority;
- Adding Mill beautification to Tier 3; and
- Adding General housing and commercial design standards as Tier 1.

CLOSING WORKSHOP COMMENTS

The Mayor and the City Council gave closing comments.

ANNOUNCEMENT OF CLOSED SESSION ITEMS

City Clerk Cristal McDonald announced the following Closed Session item:

CLOSED SESSION

CS1. Public Employee Performance Evaluation
The City Council will hold a closed session, pursuant to Government Code section 54957(b), to conduct an employee evaluation concerning the City Manager.

RECESS TO CLOSED SESSION 2:27 p.m.

RECONVENE / CALL TO ORDER 2:54 p.m.
Present: Council Member Cindy Warren
Council Member Lori Stone
Council Member Lisa DeForest
Mayor Pro Tem Ron Holliday
Absent: Mayor Jon Levell (*Not present during Closed Session*)

ANNOUNCEMENT OF CLOSED SESSION ACTION

City Attorney Tiffany Israel: No reportable action on Closed Session Item No. CS1.

ADJOURNMENT 2:55 p.m.

CITY OF MURRIETA
City Council Meeting Agenda Report

7/7/2026
Agenda Item No. 19.

TO: HONORABLE MAYOR AND MEMBERS OF THE CITY COUNCIL

FROM: Justin Clifton, City Manager

PREPARED BY: Kristen Crane, Assistant City Manager

SUBJECT:
Consider the Establishment of a City Council Subcommittee regarding a Statewide Ballot Initiative for November 2028

ABSTRACT

At the April 7, 2026, City Council meeting, the City Council established several subcommittees, with direction to postpone the discussion regarding a potential subcommittee related to a statewide ballot initiative for the November 2028 General Election to preserve local control of land use.

RECOMMENDATION

Consider establishing a Ballot Measure Ad-Hoc Subcommittee, and if established, appoint two Council Members to serve as members.

PRIOR ACTION/VOTE

On April 7, 2026, the City Council established several subcommittees and provided direction to postpone the discussion and establishment of a Ballot Measure Ad-Hoc Subcommittee (Vote:4-0-1).

STRATEGIC ALIGNMENT

This item aligns with the City Council goal of: maintaining a high performing organization that values fiscal sustainability, transparency, accountability and organizational efficiency relating to priority Tier 1.

DISCUSSION

Protection of local control is a key topic in the City's Legislative Platform. Specifically related to land use, this has been reinforced through legislative advocacy and with the adoption of resolutions.

The City Council has discussed the potential pursuit of a statewide ballot initiative for the November 2028 election seeking a Constitutional amendment to preserve local control of land use. Exploration of a statewide ballot initiative has also been identified by the City Council as a Tier 1 priority.

During the February 26, 2026, Special City Council Workshop and again on the March 3, 2026, Regular City Council meeting, Mayor Pro Tem Holliday requested that the City Council consider forming a City Council subcommittee to work toward a statewide ballot initiative regarding local control for land use. If created, this subcommittee's substantive work would eventually be transferred to an independent campaign committee operating with private funds, ceasing the involvement of City staff and funding.

At the April 7, 2026, City Council meeting, as part of a broader discussion on the establishment of several City Council subcommittees, the City Council discussed the potential formation of a subcommittee on this topic. The consensus of the City Council, at that time, was to table the discussion until after the California primary election on Tuesday, June 2, 2026. Accordingly, this item is now being brought back for City Council direction.

Placing a statewide initiative on the ballot requires a long lead time, as shown on the estimated timeline provided in Attachment 1. In particular, the draft language needs to be submitted to the Attorney General by August 2027, for review and approval prior to signature gathering. Signature gathering and verification could take approximately seven months; it is estimated that more than 870,000 signatures will be required. The estimated cost for a statewide ballot initiative is upwards of $50 million. Building a broad statewide coalition of varied stakeholders for advocacy and fundraising would be critical to successfully placing an initiative on the ballot and campaigning for eventual passage. State law prohibits the use of City staff time and financial resources for election advocacy.

If the consensus of the City Council is to form this subcommittee, staff seeks feedback on the vision for the role of the subcommittee and the Council Members appointed to serve on it, as well as expectations for the role of staff to support it, particularly considering the magnitude and financial cost of leading an effort for a statewide ballot initiative and the legal constraints on the use of public funds in connection with campaigns for ballot measures.

Additionally, if the City Council opts to form the subcommittee, the appointment of two (2) members will also be required.

PUBLIC NOTICING

The agenda item has been noticed in accordance with the Brown Act (72 hours in advance of the meeting at which the City Council considers the item).

FISCAL IMPACT

While there is no direct fiscal impact associated with this action to potentially establish a subcommittee, there is a value for staff time/capacity to support the work of the subcommittee, and in the case of the ballot initiative topic, until an independent campaign committee is established, as well as potentially for the early phases of initiating a statewide ballot measure, including the cost for legal services to draft language.

ATTACHMENTS

ATT 1 - Statewide Initiative Roadmap - November 2028 General Election

Statewide Initiative Roadmap – November 7, 2028, General Election*

Qualification Deadline: June 29, 2028 (131 days before the election)

Phase 1 – Initiative Development: August 2027

- Draft initiative language
- Submit to Attorney General
- 30-day public comment period
- Fiscal analysis (50 days)
- Title and summary issued

Start Date: Spring 2027

Target Completion Date: August 2027

Hard Deadline: Projected Last day for AG to prepare statement and issue: Friday, October 15, 2027

Phase 2 – Circulation and Signature Gathering

- Circulation begins (180 days)

Target Window: October 2027 – April 2028

Hard Deadline: April 2028

Phase 3 – Signature Verification

- Signature thresholds 874,641 (constitutional amendment)
- Raw Count (~8 working days)
- Random Sample: (~30 working days)
- Full Count: (Additional ~60 working days)

Target Window: April 2028 – June 2028

Phase 4 – Qualification for Ballot

- Secretary of State certifies measure for ballot

Must be completed by June 29, 2028

Phase 5 – Campaign and Election

- Active campaign and outreach
- Campaign Finance Reporting

Election Day: November 7, 2028

* This is an estimated timeline based on currently available information.
